taken by any person from, any water resource in the district;

- (e) undertaking environmental, water quality or any other monitoring in any water resource in the district;
- (f) for any purpose referred to in, or incidental to, an administration licence relating to the rural water supply district;
- (g) for any purpose referred to in, or incidental to, a water licence relating to the rural water supply district –

but only to the extent that that act, matter or thing –

- (h) is consistent with –
 - (i) the objectives of this Act;
and
 - (ii) any relevant water management plan; and
- (i) could not reasonably be expected to lead to material environmental harm or serious environmental harm.

- (3) A rural water supply district may also be referred to as an irrigation district.

170. Purpose of riverworks district

- (1) A riverworks district may be established so as to enable the licensed water entity to undertake riverworks for the benefit of owners of land in a particular area.
- (2) A licensed water entity administering a riverworks district may do any act, matter or thing for any or all of the following purposes:
 - (a) removing, cutting and trimming vegetation and other matter in or on the bed and banks of watercourses and lakes, overhanging them or likely to fall into them and cause environmental harm or pose a risk to public safety or property;
 - (b) undertaking works in channels so as to stabilise streambeds and streambanks and mitigating the adverse effects of flooding;
 - (c) protecting the banks of watercourses and lakes by the use of vegetation, riparian fencing and appropriate river engineering techniques;
 - (d) removing obstructions where appropriate technical advice has identified that those obstructions are contributing to flooding or streambank damage;

but only to the extent that that act, matter or thing –
 - (n) is consistent with –
 - (i) the objectives of this Act;
and
 - (ii) any relevant water management plan; and
 - (o) could not reasonably be expected to lead to material environmental harm or serious environmental harm.
- (3) A riverworks district must not include –
- (a) a State forest; or
 - (b) Crown land subject to a forest permit under the *Forestry Act 1920*; or
 - (c) land acquired by the Crown for the purposes of forestry –

unless the agreement of the Minister administering the *Forestry Act 1920* is obtained.

171. Purpose of hydro-electric district

- (1) A hydro-electric district may be established so as to enable the licensed water entity to provide, maintain, operate and manage works associated with the generation of electricity and undertake related activities.
- (2) A licensed water entity administering a hydro-electric district may do any act, matter or thing for any or all of the following purposes:
 - (a) undertaking any activities referred to in section 170;
 - (b) measuring the flow or levels of water in, or the quantity of water taken by any person from, any watercourse or lake in the district;
 - (c) undertaking environmental, water quality or any other monitoring in any watercourse or lake in the district;
 - (d) conserving and regulating water in watercourses and lakes in the district and purifying and protecting that water from pollution;

- (h) any other similar activity which may assist in giving effect to the objectives of this Act or any relevant management plan –

but only to the extent that that act, matter or thing –

- (i) is consistent with –
 - (i) the objectives of this Act;
and
 - (ii) any relevant water management plan; and
- (j) could not reasonably be expected to lead to material environmental harm or serious environmental harm.

Division 3 – Application to establish water district

173. Application to establish water district

- (1) Subject to subsection (2), an application for the establishment of a water district

Water Legislation Amendment Act 2013
Act No. of

may be made to the Minister by any or all of the following:

- (a) a water entity;
 - (b) a person;
 - (c) a group of persons.
- (2) An application for the establishment of a hydro-electric district may only be made to the Minister by an electricity entity which holds a special licence under section 115(2).
- (3) The application must –
- (a) be in accordance with section 12A; and
 - (b) specify the type of water district to be established; and
 - (c) state the purpose for which the declaration of the district is required; and
 - (d) define the boundaries of the water district in accordance with section 167(2) and (3); and
 - (e) provide details of any works proposed to be undertaken following the establishment of the district; and
 - (f) provide details of the proposed or existing water entity; and

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (g) specify the proposed arrangements for the administration and on-going operation and management of the proposed district; and
- (h) unless the application is made by a council, specify the names and addresses of all landowners in the area concerned.

174. Withdrawal of application

An applicant may withdraw an application at any time after the Minister receives it and before he or she approves it.

175. Notice of application to establish water district

- (1) The Minister must give notice of an application under section 173 in the *Gazette* and in a local newspaper.
- (2) Notice under subsection (1) is to –
 - (a) include full details of the application; and
 - (b) invite written representations from any persons who may be affected by the application; and
 - (c) state a period of at least 28 days from the publication of the notice

Water Legislation Amendment Act 2013
Act No. of

s. 29

in the *Gazette* during which the representations may be made and the address to which they are to be sent.

- (3) If the application affects Crown land, the Minister must give notice in writing of the application to the Minister administering the *Crown Lands Act 1976*.
- (4) The Minister must consult with any councils owning land in the proposed district, unless the council is the applicant.
- (5) If the application is for a riverworks district or a drainage district, the Minister must consult with the Director.
- (6) If the application for a proposed water district is wholly or partly within an existing water district, the Minister must consult with the water entity administering the existing water district.

176. Consideration of application

Before making a decision in relation to an application to which section 173 applies, the Minister must have regard to any representations made in accordance with a notice under section 175.

177. Determination of application

- (1) Subject to subsections (2), (3), (4) and (5), after considering an application to establish a water district, the Minister may –
 - (a) approve the application; or
 - (b) refuse the application.
- (2) The Minister may amend a proposal in an application before approving it if he or she considers it desirable after taking into account any representations or advice received under section 175.
- (3) If an amendment under subsection (2) is substantial, in the Minister’s opinion, the Minister must –
 - (a) notify the applicant; and
 - (b) give the applicant an explanation of the amendment; and
 - (c) consult with the applicant with respect to the amendment.
- (4) The applicant may further amend or remake the application or may withdraw it in accordance with section 174.
- (5) An application further amended or remade under subsection (4) is to be treated as a new application under section 173.

- (6) The Minister must approve an application if he or she is reasonably satisfied that the establishment of the water district –
- (a) would be consistent with the objectives of this Act and any relevant water management plan; and
 - (b) would not result in material or serious environmental harm or environmental nuisance; and
 - (c) would not have a significant adverse impact on –
 - (i) other persons taking water from the relevant water resource; or
 - (ii) the commercial operations of a major user of water from that water resource; and
 - (d) would not have a significant adverse impact on the administration of another water district.
- (7) An approval under subsection (6) may be subject to any conditions that the Minister thinks fit.

Part 2 – Water Management Act 1999 Amended

- (8) Without limiting the Minister's discretion, the conditions of approval of a water district may include conditions –
- (a) ensuring that, where the application is made by a person or group of persons, the approval is conditional on the establishment of a water entity; and
 - (b) specifying operating and administrative conditions to be placed on the administration licence issued under section 180; and
 - (c) specifying when different parts of the administration licence come into effect.

178. Notification of decision

- (1) Within 7 days after making a decision under section 177(1), the Minister must give the applicant written notice of the decision and of any rights of review or appeal under Part 14.
- (2) Where an application is approved under section 177(1), the Minister must give any person who has made a representation under section 175 written notice of the approval and of any rights of review.

179. Declaration of water district

- (1) Where an application has been approved under section 177(1), the Minister, by notice published in the *Gazette*, is to declare the water district.
- (2) The notice is not a statutory rule.
- (3) The Minister must, within 14 days after publication of the notice, give notice of the declaration of a water district under subsection (1) in a local newspaper.

Division 4 – Licence to administer water district

180. Issue of licence to administer water district

- (1) Within 7 days after giving notice of a declaration under section 179(1), the Minister is to issue the water entity with an administration licence.
- (2) The administration licence –
 - (a) is to be in an approved form; and
 - (b) is to state the name of the water entity that holds the administration licence; and
 - (c) is to specify the district to which the administration licence applies; and
 - (d) is to specify the purpose of the water district (including the

- geographic location in which activities may be conducted); and
- (e) may be issued on such conditions as the Minister thinks fit, having regard to the objectives of this Act and any conditions of approval for the establishment of the water district under section 177; and
 - (f) may specify when the Minister may vary the conditions of the administration licence.
- (3) Without limiting subsection (2)(e), the Minister may impose conditions requiring the water entity administering a water district to –
- (a) have and maintain the capacity (including technical, financial and organisational capacity) to carry out the activities authorised by the administration licence; or
 - (b) apply standards for undertaking monitoring and compliance within the water district; or
 - (c) deal with any other matters relevant to the administration and on-going management and operation of the water district; or
 - (d) fulfil any other obligations prescribed in the regulations.

- (4) Without limiting subsection (2)(e), the Minister may impose conditions on the administration licence for a rural water supply district relating to –
- (a) the use of natural watercourses within the limits of that district; and
 - (b) the circumstances under which a licensed water entity may approve the conveyance of water within a rural water supply system.
- (5) A licensed water entity must not contravene a condition of an administration licence.

Penalty: Fine not exceeding 200 penalty units and, in the case of a continuing offence, a further fine not exceeding 20 penalty units for each day during which the offence continues.

- (6) The Minister may charge an annual administration licence fee as prescribed by the regulations, which may differentiate according to the type of water district being administered by the administration licence.

Part 2 – Water Management Act 1999 Amended

181. Variation of administration licence

- (1) The Minister may vary an administration licence in accordance with this section.
- (2) The administration licence may be varied –
 - (a) on the Minister's own motion with the written consent of the licensee; or
 - (b) on an application by the licensee; or
 - (c) where the administration licence specifies when the conditions of the administration licence may be varied, at or within the times so specified if the Minister reasonably determines that the variation is necessary or desirable to further the objectives of this Act; or
 - (d) to be consistent with a water management plan; or
 - (e) on the substitution of a water entity under section 184; or
 - (f) as a result of Ministerial action against a water entity under section 188; or
 - (g) on the alteration of the district boundaries under section 183.

- (3) In the case of a licensed water entity that is an electricity entity administering a hydro-electric district, an administration licence may only be varied in accordance with subsection (2)(a), (b) or (g).
- (4) For the purposes of subsection (2)(b), the application must be in accordance with section 12A.
- (5) For the purposes of subsection (2)(b), the Minister, subject to subsection (6), may –
 - (a) approve the application; or
 - (b) if the applicant agrees, approve the application as if it were for a variation of a more limited kind than that applied for; or
 - (c) refuse the application.
- (6) If the Minister is of the opinion that a variation applied for in accordance with subsection (2)(b) would result in significant changes to the administration of the relevant water district, he or she may require the application to be treated as if it were a new application to establish a water district under section 173.
- (7) The Minister must not approve an application under this section unless he or she is reasonably satisfied that the variation –

Part 2 – Water Management Act 1999 Amended

- (a) would be consistent with the objectives of this Act and any relevant water management plan; and
 - (b) would not result in material or serious environmental harm or environmental nuisance; and
 - (c) would not have a significant adverse impact on –
 - (i) other persons taking water from the relevant water resource; or
 - (ii) the commercial operations of a major user of water from that water resource; and
 - (d) would not adversely impact on the operations of another water entity.
- (8) If the Minister refuses the application, he or she is to notify the licensee as soon as practicable of –
- (a) the refusal; and
 - (b) the reasons for the refusal; and
 - (c) any rights of review or appeal under Part 14.
- (9) The variation of an administration licence under this section takes effect

when the licensee is given notice of it or on such later date as the Minister specifies in the notice.

(10) The Minister, on varying an administration licence, may issue a fresh form of the licence to reflect the variation.

(11) Where –

(a) an application for a variation of an administration licence is treated as a new application in accordance with subsection (6); and

(b) the application is granted –

the water district that was in existence immediately before the grant of the application is revoked.

182. Cancellation of administration licence

An administration licence may be cancelled in accordance with the revocation of the declaration of a water district under section 190.

Division 5 – Administration of water districts

183. Alteration of boundaries

- (1) The Minister may, at the request of a licensed water entity and by notice published in the *Gazette* –
 - (a) alter the boundaries of the water entity's water district so as to increase or decrease the area of land within the district; and
 - (b) alter the boundaries of the water district by adding lakes or watercourses within its boundaries to, or excluding them from, the water district.
- (2) The notice is not a statutory rule.
- (3) Where an alteration of a water district under subsection (1) would result in an increase in the area of land included in the district by more than 10%, the licensed water entity must apply under section 173 as if the request for the alteration were a new application to establish a water district.
- (4) An alteration of the boundaries of a water district is to be consistent with any relevant water management plan.
- (5) An extension of a water district under this section may not include land that lies

Water Legislation Amendment Act 2013
Act No. of

within any part of another water district without the agreement of the licensed water entity for that other district, which agreement –

- (a) may not be unreasonably withheld; and
 - (b) may be subject to reasonable conditions imposed by that other water entity.
- (6) If the alteration of the boundaries of the water district is subject to any such conditions, the Minister must include those conditions in the notice made under subsection (1).
- (7) The administration licence issued under section 180 is to be amended to take account of –
- (a) any alteration made to the boundaries of the water district under this section; and
 - (b) any amended administration licence conditions resulting from that alteration.
- (8) On the approval of an application that is made under subsection (3) as a result of the extension of a water district, the water district that was in existence immediately before the extension is revoked.

184. Substitution of water entities

- (1) At the joint request of 2 water entities, the Minister may approve the substitution of a licensed water entity by another water entity.
- (2) For the purposes of subsection (1), a water entity may include a person or a group of persons proposing to create a water entity.
- (3) The Minister may agree to the request if there is no significant change to the administration of the relevant water district, other than changes arising from the substitution of the water entity.
- (4) An approval under subsection (3) may be with or without conditions and, where the request is made by a person or group of persons, the approval is to be conditional on the establishment of the proposed water entity.
- (5) Conditions imposed under subsection (4) may, without limitation, relate to arrangements for dealing with –
 - (a) part or all of the assets of the water entity that is being replaced as the licensed water entity; and
 - (b) maintenance or management of works in the district.

- (6) If the Minister is of the opinion that the proposed substitution would result in significant changes to the administration of the relevant water district, he or she may require the request to be treated as if it were a new application to establish a water district under section 173.
- (7) On the substitution of a licensed water entity by another water entity under this section, any by-laws made by the former water entity and in force immediately before the substitution are, subject to subsection (8), to continue in force until they are rescinded or amended by the substituted water entity.
- (8) The Minister may, by notice published in the *Gazette*, direct that the by-laws are to cease to have effect or are to continue in force subject to any amendments specified in the notice.
- (9) The notice is not a statutory rule.
- (10) Where –
 - (a) an application is treated as a new application in accordance with subsection (6); and

185. Transfer of administration licence on substitution of a water entity

- (1) An administration licence must be transferred on the substitution of water entities under section 184.
- (2) The Minister may amend the administration licence to take account of conditions specified under section 184(4).

186. Annual reports to Minister

- (1) By 30 September each year and at any other time when so required by the Minister, a licensed water entity must provide the Minister with a written report on its administration of a water district during the preceding financial year.
- (2) The report is to include –
- (a) a full independently audited financial statement of all matters relating to the water entity's administration of its water district; and

- (b) details of all activities undertaken in discharging its responsibilities as a licensed water entity; and
 - (c) evidence of compliance with the conditions of a relevant administration licence; and
 - (d) such other information as the Minister may require for the purpose of ensuring the due administration of the water district.
- (3) Where a licensed water entity is required to provide an annual report under any other Act, the provision of that report is sufficient compliance with this section unless the Minister requires a report to be prepared in accordance with subsection (1).
- (4) The Minister may give a licensed water entity that has failed to comply with this section a notice directing it to provide the Minister with the required report by or within such time as the Minister, by the notice, specifies.
- (5) A licensed water entity that is given a Ministerial direction under subsection (4) must comply with that direction.

Penalty: Fine not exceeding 50 penalty units.

187. Powers of Minister

For the purpose of ensuring the due administration of a water district, the Minister may –

- (a) undertake surveys and inspections; and
- (b) take measurements and samples of water and any other material which may affect the quality of water; and
- (c) undertake environmental, water quality or any other monitoring in any water resource in the district; and
- (d) enter on land for any such purpose; and
- (e) require the licensed water entity to provide the Minister with information relating to any activity arising from, or for the purpose of, the administration of the district or the construction or operation of any related works; and
- (f) direct the licensed water entity, with respect to any aspect of its administration of a water district, to take action to ensure that its administration is consistent with the objectives of this Act.

188. Revocation of approval to administer water district

(1) Where –

- (a) a licensed water entity fails to comply with a requirement to provide the Minister with any information relating to any activity arising from, or for the purpose of, the administration of a water district; or
- (b) a licensed water entity does, or omits to do, any act that is a material contravention of the administration licence of the water district; or
- (c) a licensed water entity has contravened this Act and in the Minister's opinion the contravention is so serious as to warrant action under this section; or
- (d) the Minister is satisfied that a licensed water entity has been guilty of serious neglect, mismanagement or incompetence in the discharge of its responsibilities –

the Minister may serve on the licensed water entity a notice in writing affording the entity an opportunity to show cause within the period of 60 days from the

date of service why the Minister should not take action under this section for revocation of approval to administer a water district.

- (2) The licensed water entity, within the period allowed by the notice, may arrange with the Minister for the making of submissions to the Minister as to why any such action should not be taken and the Minister must consider any submissions so made.
- (3) The Minister may, after that period, take action against the licensed water entity as the Minister thinks fit by giving written notice to the entity –
 - (a) of the revocation of approval for the entity to administer the relevant water district; or
 - (b) of the variation of the administration licence for the water district; or
 - (c) in the form of a letter of censure.
- (4) Subject to subsection 3(a), the Minister may, by notice published in the *Gazette* and in accordance with this section, revoke the approval for the licensed water entity to administer the district and transfer the administration licence in accordance with section 189.

- (5) A revocation of approval under this section takes effect when the notice is given or on a later date specified in the notice.
 - (6) A letter of censure may censure the licensed water entity in respect of any matter arising from the administration of the water district and may include a direction to the entity to rectify within a specified time any matter giving rise to the letter of censure.
 - (7) If the direction is not complied with in the specified time, the Minister may, by notice published in the *Gazette*, revoke the approval of the licensed water entity to administer the water district without affording it a further opportunity to be heard.
 - (8) A notice under this section is not a statutory rule.

189. Effect of revocation of approval

- (1) On a revocation of approval under section 188 the notice published in the *Gazette* may –
 - (a) provide for the substitution of the Minister or any suitable water entity as the authority to administer the water district but without otherwise affecting the administration of the district; and

Part 2 – Water Management Act 1999 Amended

- (b) cancel the administration licence issued under section 180.

190. Revocation of declaration of water district

- (1) On application by a licensed water entity or where the Minister is satisfied that the continuation of a water district is not appropriate for the purpose for which the district was declared, the Minister may, by notice published in the *Gazette*, revoke the declaration of the water district.
- (2) The notice is not a statutory rule.
- (3) Where a licensed water entity is an electricity entity, the Minister may not exercise his or her powers under subsection (1) except with the consent of the electricity entity or on payment of compensation as provided by subsection (4).
- (4) For the purposes of subsection (3) –
 - (a) compensation is to be paid from the Consolidated Fund without further or other appropriation than this section; and
 - (b) in default of agreement between the Minister and the electricity entity, the arbitrator is to be nominated by the president for the time being of the Australian

Centre for International
Commercial Arbitration; and

- (c) the amount of compensation is to be determined in accordance with the *Commercial Arbitration Act 2011*.
- (5) The Minister may not exercise his or her powers under subsection (1), without first consulting with all persons who have a water access right or other authorisation to take water under Part 9A.
- (6) On the revocation of the declaration of a rural water supply district, the Minister must take all reasonably practicable steps to ensure that all persons who have a water access right or other authorisation to take water under Part 9A have an on-going entitlement to take water commensurate with that right or authorisation.
- (7) On the revocation, the Minister may give directions in relation to –
 - (a) the sale or disposal of assets; and
 - (b) on-going maintenance of works; and
 - (c) the distribution of the proceeds from the sale of assets.

Water Legislation Amendment Act 2013

Part 2 – Water Management Act 1999 Amended

- (8) On the revocation, the administration licence for the district is cancelled.
- (9) On the revocation, the Minister may recover from the water entity in any court of competent jurisdiction as a debt due to the Crown any expense actually and reasonably incurred by the Minister in making the revocation.

191. Power to convert water allocations in rural water supply district

- (1) Following the declaration of a rural water supply district under section 179, the Minister may, by notice published in the *Gazette*, declare that any water allocation of a licence, under which water may be taken out of the specified part of a watercourse within a specified rural water supply district –
 - (a) ceases to have effect and, if the Minister so directs, is to be –
 - (i) transferred to the licensed water entity; and
 - (ii) replaced by a water access right under which water is to be supplied by a licensed water entity; or
 - (b) continues to have effect but subject to such conditions as the Minister may specify.

s. 29

-
- (2) A notice under subsection (1) is not a statutory rule.
 - (3) The notice may be made subject to any conditions that the Minister thinks fit to further the objectives of this Act.
 - (4) The Minister must publish notification of his or her intention to make a declaration under subsection (1) in the *Gazette* and in a local newspaper, inviting any persons who would be affected by the declaration to make representations, within a period of 14 days from the date of gazettal, as to why the declaration should not be made.
 - (5) Before making a declaration under subsection (1), the Minister must have regard to any representations made in accordance with subsection (4).
 - (6) If subsection (1)(a) applies, any registered security interests in the relevant authorisation, or the relevant water allocation, are to attach to the water access right.
 - (7) The volume of water under a water access right under subsection (1)(a)(ii) is to be not less than the volume transferred from a water allocation under subsection (1)(a)(i).
 - (8) The Minister must not make a declaration under this section if it would be inconsistent with any relevant water management plan.

Division 6 – Powers of licensed water entities in districts

192. Power to acquire land

- (1) Subject to subsection (3), a licensed water entity may, with the approval of the Minister, acquire land for the purposes of this Part in accordance with the *Land Acquisition Act 1993*.
- (2) Subject to subsection (3), a licensed water entity may sell or otherwise dispose of any land acquired under subsection (1) that is no longer required for the purposes of this Part.
- (3) This section does not derogate from the application of any other Act relating to the acquisition, sale or disposal of land by a water entity.

193. Powers to enter private land and undertake works

- (1) In this section –

land means, in relation to –

- (a) a rural water supply district, any private land within the limits of that rural water supply district; and
- (b) a riverworks district, hydro-electric district or

s. 29

drainage district, any
private land within the
district boundaries.

- (2) Where necessary to do any act, matter or thing for any of the purposes specified in section 169(2), section 170(2), section 171(2) or section 172(2), a licensed water entity may –
- (a) on giving notice in accordance with section 242 –
 - (i) enter any land; and
 - (ii) pass over the land with persons, vehicles and machinery; and
 - (iii) inspect any of its works or works that it has the right to use; and
 - (iv) undertake routine maintenance of any of its works or works that it has the right to use; and
 - (v) undertake monitoring, conduct surveys, take levels, examine and test the soil and set out works on that land; and
 - (b) on giving 14 days' written notice in accordance with this section, enter land and undertake any

activities required to construct, or carry out major maintenance on, its works.

- (3) Written notice under subsection (2) is to be given to the owner and the occupier of any relevant land.
- (4) Notice under subsection (2) is to include a brief statement of what the licensed water entity intends to do on the land and an estimate of how long it will take to do it.
- (5) If the land appears to be unoccupied, notice must be given to the person shown in the valuation list or assessment roll of the relevant council as the owner at his or her address shown in the list or roll.
- (6) An owner or occupier of land must not hinder or obstruct a licensed water entity from entering land for the purposes of this section.

Penalty: Fine not exceeding 50 penalty units.

- (7) If the entry on land is required urgently by reason of imminent danger to human or animal life or to protect any works of the licensed water entity or the environment, a notice under subsection (2) is not required.
- (8) A licensed water entity must give notice in accordance with this section.

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

Penalty: Fine not exceeding 100 penalty units.

194. Powers to enter public land and undertake works

(1) In this section –

public land means, in relation to –

- (a) a rural water supply district, any public land within the limits of that rural water supply district; and
- (b) a riverworks district, hydro-electric district or drainage district, any public land within that district –

and includes any land managed by a Crown agency or authority.

(2) Where necessary to do any act, matter or thing for any of the purposes specified in section 169(2), section 170(2), section 171(2) or section 172(2), a licensed water entity may –

(a) on giving notice in accordance with section 242 –

(i) enter any land; and

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (ii) pass over the land with persons, vehicles and machinery; and
 - (iii) inspect any of its works or works that it has the right to use; and
 - (iv) undertake routine maintenance of any of its works or works that it has the right to use; and
 - (v) undertake monitoring, conduct surveys, take levels, examine and test the soil and set out works on that land; and
 - (b) on giving 14 days' written notice in accordance with this section, enter any public land and undertake any activities required to construct, or carry out major maintenance on, any of its works on any public land.
- (3) Subject to this section, a licensed water entity must –
- (a) unless otherwise agreed between the licensed water entity and the authority responsible for the management of the public land (the *responsible authority*), or in the case of an emergency, give the responsible authority on

Water Legislation Amendment Act 2013
Act No. of

whose land the licensed water entity intends to carry out work written notice, in accordance with subsection (2), of the licensed water entity's intention to carry out work on the land; and

- (b) before commencing the work, secure the responsible authority's agreement as to how the work is to be carried out.
- (4) Any agreement under subsection (3) may include conditions that the responsible authority considers appropriate in the public interest.
- (5) Prior notice is not required under subsection (3) for work of a kind prescribed by the regulations for the purposes of this section.
- (6) Agreement is not required under subsection (3) for work of a kind prescribed by the regulations for the purposes of this section.
- (7) In an emergency, a licensed water entity may carry out any work specified in subsection (2) at any time and –
 - (a) may be accompanied by such other persons as the licensed water entity considers necessary or appropriate; and

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (b) may bring on to the land any vehicles and equipment that the licensed water entity considers necessary or appropriate for the work which the licensed water entity is to carry out on the land.
- (8) A licensed water entity must make good, to the satisfaction of the responsible authority, any damage caused by the exercise of powers under this section as soon as practicable.
- (9) If a licensed water entity fails to make good, to the satisfaction of the responsible authority, any damage caused by the exercise of powers under this section, the responsible authority may make good the damage itself.
- (10) The cost of making good the damage referred to in subsection (9) may be recovered by the responsible authority in a court of competent jurisdiction as a debt owed to it by the licensed water entity.
- (11) This section does not derogate from an obligation to comply with any other Act.
- (12) A licensed water entity must give notice in accordance with this section.

Penalty: Fine not exceeding 100 penalty units.

- (13) A licensed water entity must comply with any requirements of a responsible authority in accordance with this section.

Penalty: Fine not exceeding 100 penalty units.

195. Appeal against notice

- (1) If the responsible authority, on being given notice under section 194(3), decides to –
- (a) include, in the agreement under that subsection, conditions that the licensed water entity considers unreasonable; or
 - (b) dispute that the licensed water entity is entitled to carry out the proposed work –

the licensed water entity may appeal to the Appeal Tribunal.

- (2) Subsection (1) does not apply if the responsible authority is a Minister, or a person or body to whom directions may be given by a Minister in respect of the matter in dispute.
- (3) Except as provided by subsection (4), the Appeal Tribunal is to hear and determine the appeal in accordance with the *Resource Management and Planning Appeal Tribunal Act 1993*.

Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (4) Notwithstanding section 14(2) of the *Resource Management and Planning Appeal Tribunal Act 1993*, the Appeal Tribunal must not, under that section, allow any person other than the licensed water entity and the responsible authority to be a party to the appeal.

196. Application of Part 9A in respect of rural water supply districts

In addition to the powers conferred by this Division, Part 9A also applies in respect of rural water supply districts.

197. Compensation

- (1) In carrying out its responsibilities for the administration of a water district, a licensed water entity must do as little damage as practicable and must pay compensation for any damage it causes.
- (2) If a licensed water entity serves notice on a person requiring him or her to make a claim for compensation for damage arising from the exercise of the water entity's powers, the person must make any claim for compensation within 6 months after the service of the notice.
- (3) If a claimant and the licensed water entity do not agree on the amount of compensation payable under subsection

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

(1), the claim for compensation is to be determined –

- (a) if it is a small claim, by the small claims division of the Magistrates Court; or
- (b) in any other case, as if it were a disputed claim under the *Land Acquisition Act 1993*.

198. Offences in connection with water districts

A person must not –

- (a) destroy, damage or interfere with any structure, appliance or other work or installation constructed, managed or maintained by a licensed water entity in order to meet its responsibility for administering a water district; or
- (b) without the consent of the licensed water entity, make any drain which empties, either directly or indirectly, into any watercourse or drain where it is part of a water district; or
- (c) obstruct, hinder, delay, threaten or assault a person who is –
 - (i) authorised to enter on land under section 193 or 194; and

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (ii) acting in accordance with either section; or
- (d) destroy, damage or tamper with any work of a licensed water entity; or
- (e) permit an animal to cause damage to a drain or watercourse of a licensed water entity; or
- (f) draw any log, tree or timber, or drive any vehicle, across a drain of a licensed water entity, except over a bridge provided for the purpose; or
- (g) remove soil, sand, gravel or shingle from land owned or occupied by a licensed water entity.

Penalty: Fine not exceeding 50 penalty units.

199. Further offences in rural water supply districts

- (1) A person must not, without a water access right or authorisation from a licensed water entity under section 203C, take water from a rural water supply system.

Penalty: Fine not exceeding 500 penalty units and, in the case of a

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

continuing offence, a further fine not exceeding 50 penalty units for each day during which the offence continues.

- (2) However, subsection (1) does not apply to the taking of water from a water resource within a rural water supply system –
- (a) under and in accordance with –
 - (i) Part 5; or
 - (ii) an exemption under section 11; or
 - (iii) a licence under Part 6; or
 - (iv) a permission under section 90; or
 - (v) an authorisation under section 90A; or
 - (vi) an authorisation under section 123A or an exemption from such an authorisation under section 123G; or
 - (vii) a direction under section 280D; or
 - (b) directly from a dam or other works not under the control of the licensed water entity if the water in the dam or works has

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

previously been taken under and
in accordance with this Act.

- (3) A person with a water access right, or an authorisation from a licensed water entity under section 203C, must not –
- (a) take water in excess of that right or authorisation; or
 - (b) contravene any terms, conditions or by-laws relating to that right or authorisation.

Penalty: Fine not exceeding 500 penalty units and, in the case of a continuing offence, a further fine not exceeding 50 penalty units for each day during which the offence continues.

200. Compensation payable to water entity

- (1) A court by which a person is convicted of an offence against section 198 or 199 may, where the complaint contains a claim for damages arising from the commission of the offence, order the defendant to pay to the licensed water entity damages representing the actual or expected cost of restoring its works or repairing damage.
- (2) For the purposes of subsection (1) –

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

- (a) the licensed water entity is taken to be the complainant in the proceedings; and
- (b) an amount of damages ordered to be paid is recoverable in a court of competent jurisdiction as if it were a debt owing to the licensed water entity.

Division 7 – Rates for riverworks districts and drainage districts

201. Power to levy rates

- (1) A licensed water entity may, with the approval of the Minister, determine and levy rates in order to provide for the costs necessarily incurred –
 - (a) in the administration of a riverworks district or drainage district; and
 - (b) in constructing, maintaining and operating works necessary for the purpose for which the district was declared.
- (2) In determining and levying rates for the purposes of a riverworks district or drainage district, a licensed water entity may impose different rates in different areas according to different benefits for owners or occupiers of land in those areas.

202. Rates on Crown land

All rates made in respect of unoccupied Crown land within a riverworks district or drainage district are to be paid to the licensed water entity by the Treasurer out of the Consolidated Fund without further appropriation than this section.

203. Procedure for rating

- (1) A licensed water entity may levy rates on the owners of properties within the water district in the same manner as service rates in respect of those properties are levied under the *Local Government Act 1993*.
- (2) The amount of rates is to be determined by the licensed water entity and is to be levied annually.
- (3) Rates levied under this Division are not subject to a remission under the *Local Government (Rates and Charges Remissions) Act 1991*.
- (4) A licensed water entity may, with the Minister's approval, remit any rate, wholly or in part, where it is of opinion that to levy it would cause serious financial hardship to the person liable to pay.

**PART 9A – SUPPLY AND DELIVERY OF WATER IN
RURAL WATER SUPPLY DISTRICTS**

Division 1 – Interpretation

203A. Interpretation

In this Part –

licensed water entity means a licensed water entity with the primary purpose of supplying water in a rural water supply district in accordance with an administration licence;

register means –

- (a) a register of water access rights kept by a licensed water entity under section 203J; or
- (b) a register of water delivery rights kept by a licensed water entity under section 203W.

Division 2 – Supply of water

203B. Supply of water within rural water supply districts

- (1) The supply of water for irrigation and other purposes may be provided under either or both of the following:

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (a) the system of water access rights;
 - (b) the system of general availability.
- (2) A right under subsection (1)(a), may be either –
- (a) an irrigation right; or
 - (b) a water access right.

203C. General availability

- (1) Under the system of general availability, a licensed water entity administering a rural water supply district may authorise a person, either by agreement with the person or in accordance with by-laws made under this Act, to take water that the entity makes available.
- (2) An authorisation under subsection (1) is subject to any terms, conditions or by-laws that the licensed water entity thinks fit to support the operation of the rural water supply district.
- (3) An authorisation may be granted for financial consideration or free of charge.
- (4) For the avoidance of doubt, an authorisation under this section is not a water access right.

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

203D. Water access rights

- (1) Under the system of water access rights, a licensed water entity may grant a person a right to be supplied with a certain quantity of water.
- (2) The grant of a water access right is subject to any terms and conditions and by-laws that the licensed water entity thinks fit to support the operation of the rural water supply district.
- (3) Water access rights may be granted for financial consideration or free of charge.
- (4) A licensed water entity may refuse to grant a water access right if there is insufficient water available for supply.

203E. Authority to take water from water resource within rural water supply system

A water access right authorises the holder of the right to take supplied water from a water resource within a rural water supply system in accordance with the right and is subject to –

- (a) any relevant water management plan or other plans determined by the licensed water entity responsible for administering the district; and

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (b) any condition specified in the right; and
- (c) any requirement to hold a water delivery right under section 203Q.

203F. Details of a water access right

A water access right –

- (a) is to specify the name and address of the holder of the right; and
- (b) may specify the water resource or rural water supply system from which the water is to be supplied or taken; and
- (c) may specify the location to which the water is to be supplied or from which it is to be taken; and
- (d) may, where the licensed water entity considers it to be appropriate, specify the surety with which water can be expected to be available for supply and taking; and
- (e) may specify conditions under which the holder of the right may take water; and
- (f) may specify conditions under which the water is to be supplied,

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

including but not limited to,
conditions relating to –

- (i) infrastructure required to supply and deliver water; and
- (ii) any delivery constraints within the rural water supply system; and
- (g) may specify when the licensed water entity may vary the conditions of the right; and
- (h) may specify such other conditions and matters as the licensed water entity thinks fit.

203G. Duration of water access rights

Unless revoked earlier under section 190, 203N or 203O, a water access right remains in force for such period as the licensed water entity determines and specifies in the right.

203H. Water access rights are personal property

A water access right is the personal property of the owner or holder of the right and is alienable in accordance with sections 203K and 203M and any other law relating to the passing of property.

203I. Notification of security interest

- (1) A holder of a water access right, or a person with a security interest in the right, is to provide the licensed water entity in writing with details of the interest.
- (2) A person is not taken to have a security interest for the purposes of subsection (1) by reason only of the fact that he or she is a shareholder in, or a member of, a body corporate that holds the water access right.
- (3) Subject to subsection (4), on receipt of notification under subsection (1), the licensed water entity must make a notation in the relevant register to that effect.
- (4) Where notification under subsection (1) is made by a person with a security interest in the right, a licensed water entity is not required to make a notation in the relevant register until such information required to verify the security interest has been provided to the entity.
- (5) Where the register includes a notation made under subsection (3) that a specified person has a security interest in a water access right, the licensed water entity must, on written notification by that person that that interest –

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

- (a) no longer exists, remove that notation from the register; or
- (b) has been varied, amend that notation in the register accordingly.

203J. Water access rights register

- (1) The licensed water entity must keep a register of all water access rights in the entity's rural water supply district.
- (2) The register of water access rights and security interests is to be in such form and contain such information as the Minister, by notice, from time to time directs.
- (3) The Minister, by notice, may –
 - (a) require that the licensed water entity provide the Minister or another person with a copy of the register (or the register as it existed on a specified date); and
 - (b) require that that copy be provided in a particular format.
- (4) The licensed water entity must comply with the Minister's notice.

Penalty: Fine not exceeding 50 penalty units.

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (5) A licensed water entity may make publicly available any information contained in the register that it thinks fit.

203K. Transfer of water access rights

- (1) The holder of a water access right or a person entitled under section 203O(5) may, with the approval of the licensed water entity and on payment of a fee, if any, transfer all or a part of the right.
- (2) The transfer of a water access right under subsection (1) may be absolute or for a limited period.
- (3) Before approving the transfer under subsection (1), a licensed water entity may issue a statement of obligations to the transferor and transferee outlining –
- (a) the terms, conditions and charges relating to the supply or delivery of water to a nominated location; or
 - (b) any constraints or limitations on the supply or delivery of water to a nominated location; or
 - (c) any other matters the licensed water entity thinks relevant.
- (4) Where a licensed water entity approves a transfer, its obligation to supply water is subject to section 203ZC and any terms

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

or conditions relating to the supply and delivery of water to a nominated location.

- (5) Where a transfer under this section is for a limited period, a water access right that has been transferred is taken to revert to the transferor when the period expires.
- (6) The licensed water entity must not approve the transfer unless satisfied, from written evidence, that each person with a security interest in the relevant water access right consents to the transfer.
- (7) Subsection (6) does not apply if –
 - (a) the licensed water entity is satisfied that the transfer will be only for a period not exceeding 12 months and the relevant water access right will revert to the transferor immediately after that period expires; or
 - (b) the transferor and transferee are the same person.

203L. Variation of water access right

- (1) The licensed water entity may vary the conditions of a water access right as provided by this section.

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (2) The conditions of a water access right may be varied –
- (a) with the written consent of the holder of the water access right and of any other persons as required by subsection (3); or
 - (b) subject to subsection (3), on application by the holder of the water access right; or
 - (c) where the conditions of a water access right specify the time when, or the circumstances under which, the conditions of the right may be varied; or
 - (d) if so provided by a water management plan; or
 - (e) on a transfer under section 203K to the extent that the variation is necessary to address any matters relating to the supply or delivery of water to a nominated location.
- (3) If, in the case of a variation under subsection (2)(a) or (b), the relevant register includes a notation that a person has a security interest in the water access right, the written consent of that person to the variation is required unless the effect of the variation is to increase the quantity of water assigned to the right.

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

203M. Surrender of water access right

- (1) Subject to subsection (2), the holder of a water access right may surrender all or part of his or her right at any time by giving the licensed water entity written notice to that effect.
- (2) A surrender is of no effect unless –
 - (a) all outstanding fees and charges have been assessed by the licensed water entity as having been paid; and
 - (b) if the relevant register includes a notation that a person has a security interest in the water access right, the written consent of that person has been obtained.

203N. Cancellation of water access right for non-payment of fees and charges

- (1) Where a fee or charge or other money payable in respect of the water access right is not paid within 120 days of the due date, a licensed water entity may cancel that right on giving 30 days' notice in writing to the holder of the right of its intention to do so.
- (2) Where the register includes a notation that a person has a security interest in a water access right that the licensed water entity proposes to cancel, the licensed

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

water entity must notify that person of the proposed cancellation at least 30 days before it takes effect.

- (3) Where a cancellation is proposed under subsection (1), the notice is to specify that the holder of the right or a person having a security interest in the water access right may pay the outstanding fee or charge, in which case the proposed cancellation will have no effect.
- (4) A notice given under this section may be given to the person in writing, or if, after reasonable inquiry, the person's whereabouts are unknown, given by means of a notice in the *Gazette* or local newspaper, or both.

2030. Order for cancellation of water access right

- (1) The licensed water entity may apply to a magistrate for an order to cancel a water access right and any associated water delivery rights, if the holder of the right is convicted of an offence against section 198(a) or (b) or section 199 which has resulted in a significant adverse impact on any other person or material environmental harm or serious environmental harm.
- (2) Only the following persons may be a party to the proceedings on the application:

Water Legislation Amendment Act 2013
Act No. of

Part 2 – Water Management Act 1999 Amended

s. 29

- (a) the licensed water entity;
 - (b) the holder of the water access right.
- (3) Subject to subsections (4) and (5), the magistrate may grant or dismiss the application.
- (4) The magistrate may grant the application and order the cancellation of the water access right and any associated water delivery rights if –
- (a) the licensed water entity has given the magistrate, either orally or by affidavit, any information that the magistrate requires concerning the grounds on which the order is sought; and
 - (b) the prescribed requirements, if any, relating to the making or hearing of the application have been met; and
 - (c) the magistrate is satisfied that there are reasonable grounds for making the order.
- (5) Where the magistrate has granted an order to cancel the water access right and any associated water delivery rights, the licensed water entity is to notify a person having a security interest in the right that they may apply to the licensed water entity for approval to transfer the right

under section 203K or section 203X on such conditions as the licensed water entity may require for the purposes of this Part.

- (6) A notice given under this section may be given to the person in writing, or if, after reasonable inquiry, the person's whereabouts are unknown, given by means of a notice in the *Gazette* or local newspaper, or both.

Division 3 – Delivery of water

203P. Delivery of water within rural water supply districts

In the administration of a rural water supply district, a licensed water entity may deliver water to holders of water access rights using the system of water delivery rights.

203Q. Requirements for supply and delivery of water

Where the system of water delivery rights is in operation, both a water access right and a water delivery right are required for the supply and delivery of water.

203R. Water delivery rights

- (1) Under the system of water delivery rights, a licensed water entity may grant the holder of a water access right a right to the delivery of a certain quantity of water to a location nominated under section 203ZC.
- (2) The grant of a water delivery right is subject to any terms, conditions or by-laws that the licensed water entity thinks fit to support the operation of the rural water supply district.
- (3) Water delivery rights may be granted for financial consideration or free of charge.

203S. Details of a water delivery right

A water delivery right –

- (a) is to specify the name and address of the holder of the right; and
- (b) is to specify the delivery capacity available to the holder of the right for delivery of water to a specified location, or part, of a rural water supply system, in terms of the volume of water able to be delivered or the rate at which water may be delivered; and

Water Legislation Amendment Act 2013
Act No. of

s. 29

Part 2 – Water Management Act 1999 Amended

- (c) may specify conditions under which the water is to be delivered, including but not limited to, conditions relating to –
 - (i) infrastructure required to deliver water; and
 - (ii) delivery constraints within the rural water supply system; and
- (d) may specify when the licensed water entity may vary the conditions of the right.

203T. Duration of water delivery rights

Unless revoked earlier under section 190, 203O or 203ZA, a water delivery right remains in force for such period as the licensed water entity determines and specifies in the right.

203U. Water delivery rights are personal property

A water delivery right is the personal property of the holder of the right and is alienable in accordance with sections 203X and 203Z and any other law relating to the passing of property.

203V. Notification of security interest

- (1) The holder of a water delivery right, or a person with a security interest in the right, is to provide the licensed water entity in writing with details of the interest.
- (2) A person is not taken to have a security interest for the purposes of subsection (1) by reason only of the fact that he or she is a shareholder in, or a member of, a body corporate that holds the water delivery right.
- (3) Subject to subsection (4), on receipt of notification under subsection (1), the licensed water entity must make a notation in the register to that effect.
- (4) Where notification under subsection (1) is made by a person with a security interest in the right, a licensed water entity is not required to make a notation in the relevant register until such information required to verify the security interest has been provided to the entity.
- (5) Where the register includes a notation made under subsection (3) that a specified person has a security interest in a water delivery right, the licensed water entity must, on written notification by that person that that interest –

- (a) no longer exists, remove that notation from the register; or
- (b) has been varied, amend that notation in the register accordingly.

203W. Water delivery rights register

- (1) The licensed water entity must keep a register of all water delivery rights in the entity's rural water supply district.
- (2) The register of water delivery rights and security interests is to be in such form and contain such information as the Minister, by notice, from time to time directs.
- (3) The Minister, by notice, may –
 - (a) require that the licensed water entity provide the Minister or another person with a copy of the register (or the register as it existed on a specified date); and
 - (b) require that that copy be provided in a particular format.
- (4) The licensed water entity must comply with the Minister's notice.

- (5) A licensed water entity may make publicly available any information it thinks fit.

203X. Transfer of water delivery rights

- (1) The holder of a water delivery right may, with the approval of the licensed water entity and on payment of a fee, if any, transfer all or a part of the right.
- (2) The transfer of a water delivery right under subsection (1) may be absolute or for a limited period.
- (3) Where a transfer under this section is for a limited period, a water delivery right that has been transferred is taken to revert to the transferor when the period expires.
- (4) The licensed water entity must not approve the transfer unless satisfied, from written evidence, that each person with a security interest in the relevant water delivery right consents to the transfer.
- (5) Subsection (4) does not apply if –
 - (a) the licensed water entity is satisfied that the transfer will be only for a period not exceeding 12 months and the relevant water delivery right will revert to the

transferor immediately after that period expires; or

- (b) the transferor and transferee are the same person.

203Y. Variation of water delivery right

- (1) The licensed water entity may vary the conditions of a water delivery right as provided by this section.
- (2) The water delivery right may be varied –
 - (a) with the written consent of the holder of the right and of any other persons as required by subsection (3); or
 - (b) subject to subsection (3), on application by the holder of the right; or
 - (c) where the right specifies when the conditions of the right may be varied, at or within the times so specified if the licensed water entity reasonably determined that the variation is necessary or desirable to further the objectives of this Act; or
 - (d) on a transfer under section 203X; or

- (e) if the licensed water entity is authorised to do so under section 203Z.
- (3) If, in the case of a variation under subsection (2)(a) or (b), the register includes a notation that a person has a security interest in the water delivery right, the written consent of that person to the variation is required unless the effect of the variation is to increase the delivery capacity assigned to the right.

203Z. Surrender of water delivery right

- (1) Subject to subsection (2), the holder of a water delivery right may surrender all or part of his or her right at any time by giving the licensed water entity written notice to that effect.
- (2) A surrender is of no effect unless –
 - (a) all outstanding fees and charges have been assessed by the licensed water entity as having been paid; and
 - (b) if the register includes a notation that a person has a security interest in the water access right, the written consent of that person has been obtained.

203ZA. Cancellation of water delivery right for non-payment of fees and charges

- (1) Where a fee or charge or other money payable in respect of the water delivery right is not paid within the period of 120 days commencing on the due date, a licensed water entity may cancel that right on giving 30 days' notice in writing to the holder of the right of its intention to do so.
- (2) Where the register includes a notation that a person has a security interest in a water delivery right that the licensed water entity proposes to cancel, the licensed water entity must notify that person of the proposed cancellation at least 30 days before it takes effect.
- (3) Where a cancellation is proposed under subsection (1), the notice is to specify that the holder of the right or a person having a security interest in the water delivery right may pay the outstanding licence fee, in which case the proposed cancellation will have no effect.
- (4) A notice given under this section may be given to the person in writing, or if, after reasonable inquiry, the person's whereabouts are unknown, given by means of a notice in the *Gazette* or local newspaper, or both.

Division 4 – Rural water supply systems

203ZB. Interpretation of Division

In this Division –

serviced land means the land, whether identified by individual title or by locality, to which a licensed water entity agrees to supply and deliver water.

203ZC. Nomination of location for supply and delivery of water

- (1) Subject to subsection (7), a person entitled under section 203B to a supply of water may nominate the location at which he or she requires the water to be supplied and delivered.
- (2) A nomination under subsection (1) may be made at the time the water access right or other authorisation to take water under Part 9A is granted or from time to time.
- (3) The location nominated under subsection (1) may be –
 - (a) within the rural water supply system; or
 - (b) outside the rural water supply system, with the agreement of the licensed water entity.

- (4) Where a licensed water entity agrees to supply and deliver water to a location nominated under subsection (3)(b), that location may be situated –
 - (a) on the boundary of a piece of land in the rural water supply district; or
 - (b) on the boundary of the rural water supply district.
- (5) For the purposes of subsection (4)(a), a licensed water entity may agree to supply and deliver water to a location that is not on the boundary of a piece of land.
- (6) For the purposes of subsection (3)(b), water supplied by a licensed water entity may be conveyed or distributed outside the rural water supply district.
- (7) Where a system of water delivery rights is in operation under Division 3, the licensed water entity is required to supply and deliver water to a location nominated under subsection (1) –
 - (a) only if the person holds both a water access right and a water delivery right relevant to the nominated location; and
 - (b) only to the extent that the water delivery right provides for the delivery of water to the nominated location.

203ZE. Serviced land

- (1) For the purposes of section 203ZC(3)(b), a licensed water entity may, by way of by-laws, identify serviced land within the rural water supply district.
- (2) Where the licensed water entity has identified serviced land under subsection (1), it must agree to any location nominated under section 203ZC(3)(b) that lies within that serviced land and extend the rural water supply system as necessary to service any such location.
- (3) For the purposes of subsection (2), any location nominated must be on the boundary of a piece of land at the point closest to where the rural water supply system is to be extended.
- (4) Where a licensed water entity does not identify serviced land under subsection (1), it must extend the rural water supply system as necessary to service any location nominated and agreed under section 203ZC(3)(b) that lies within, or on the boundary of, the rural water supply district.

relevant licensed water entity for each rural water supply district, riverworks district, hydro-electric district and drainage district.

- (5) Subject to subclause (7) and for the purposes of subclause (4), the administration licence for each relevant district is subject to –
- (a) any conditions of approval under section 176(5) that existed immediately before the commencement day; and
 - (b) any conditions, whether imposed before or after the commencement day, relating to when the Minister may vary the conditions of the licence.
- (6) In the case of a rural water supply district, riverworks district or drainage district where no conditions of approval under subclause (5)(a) exist –
- (a) the Minister may, after consulting with the licensed water entity, determine that an administration licence is subject to any conditions determined by the Minister to give effect to the objectives of this Act; and
 - (b) the period mentioned in subclause (4) is extended by a further 3 months.

- (7) The Minister may extend the period referred to in subclauses (4) and (6)(b) by written notice to the relevant licensed water entity.

4. Defining water district boundaries

- (1) A licensed water entity administering a water district in force immediately before the commencement day that does not have a map defining its boundaries, prepared and stored in accordance with the Central Plan Register (CPR) requirements, may apply to the Minister for the formalisation of the water district boundaries in accordance with the CPR requirements.
- (2) Before approving or refusing an application under subsection (1), the Minister must consider all available evidence regarding the proposed water district boundaries.
- (3) If the Minister approves the application, an approved map is to be prepared and stored in the Central Plan Register.

5. General savings and transitional provisions

On and from the commencement day –

- (a) a district that immediately before the commencement day was an irrigation district or a water
