From Peter Gutwein M.P. re.
Legislative Council Select Committee.

Dear Secretary,

In this need for reforms
to the L.C. on Tas Water ownership,
you have my total support.

When reading about the recent
data on the 29 treatment plants, with
only one plant being compliant with
the Environmental Standard is appalling.
It surprised me when I received promptly
a reply letter after showing my
support of Tas Water.

I hope an enquiry soon
brings a satisfactory outcome.

Yours Sincerely,
Kay A. Bourke
