Subject: Submission to the Joint Select Committee on Future Gaming Markets

Dear Members of the Committee, There are too many poker machines placed in areas where people can least afford to gamble. Having worked over ten years in a low sociol economic area, I have seen the results on the lives of people, especially the children, that gambling addiction has. I am personally aware of acquaintances who have lost their home through gambling on poker machines, as do most Tasmanians. There is no place for poker machines in our communities. I am not against poker machines, only their placement. They should only be available in casinos.

Yours sincerely, Danuta Gough
