Subject: Submission to the Joint Select Committee on Future Gaming Markets

Dear Members of the Committee, Poker machines are designed to addict people to pouring their money into a bottomless pit and are designed to ensure that in the long term the player cannot win.

Poker machines have caused untold misery in our communities, families not having money for healthy food and other essentials, broken marriages, people forced to embezzle to pay their debts, and a multitude of other miseries.

Please get poker machines out of our communities, pubs and clubs. Make sure gambling casinos are regulated properly

Yours sincerely, Robert Jackson
