Subject: The Triabunna Mill

Dear Mr Barnett

I refer to your telephone call to me yesterday morning and note your request, as Chairman of the Parliamentary Enquiry into the Triabunna Mill, that I provide you with an on the record update of the current circumstances around the Triabunna Mill.

We can advise as follows:

1. On 27 October 2014, Mr Wood instituted proceedings in the Supreme Court of NSW to wind up Triabunna Investments P/L the registered proprietor of the Triabunna Mill (the Company) and also Triabunna Management P/L. Those proceedings were served on this firm on Monday, 3 November 2014.
2. If Mr Wood is successful in his claim the Triabunna Mill will inevitably be put up for sale through a public auction process under the control of the company's liquidator. If an auction proceeds the Mill may be purchased by any member of the public, company or government instrumentality.
3. If the Company is liquidated and a public auction occurs, the future of the Mill will no longer be in Ms Cameron's hands. Consequently Our client has instructed this firm to act to prevent a wind up of the Company and she is also considering a cross claim against Mr Wood for his actions.

Regards,

Rodd Peters
