

AI Data Centre in St Leonards

Prof RAZAY question to MINISTER for ENERGY and RENEWABLES

A St Leonards resident following the AI factory development over the past six months says he's having difficulty finding details. Can the Minister please provide the following:

- (1) How will the St Leonards Firmus factory operate?
- (2) How many hours manned and unmanned?
- (3) What are its specific benefits for the community?
- (4) Are there any concerns for people living at St Leonards or the wider community?
- (5) Can you please publish the following guidelines, expectations, policies and procedures around the AI factory?
