W. R. GIBLIN, Colonial Treasurer.

Colonial Treasury, Hobart Town, 19th May, 1880.

Having examined the Treasurer's Journal and Ledger, Consolidated Revenue, for the year 1879, and compared the foregoing statement with those Books, I now certify that this Balance Sheet is correct.

W. LOVETT, Colonial Auditor.

Audit Office, 30th June, 1880.

W. LOVETT, *Colonial Auditor.*W. R. GIBLIN, *Colonial Treasurer.*

Audit Office, 9th July, 1880.

SIR,

THE Balance Sheet and Statements of Account of the Consolidated Revenue, having been examined by me, were certified and returned to the Treasury on the 30th ultimo. I have now the honor to forward my Report on the same, which through pressure of other work has been unavoidably delayed for a few days beyond the time allowed by the Audit Act:

Revenue.—The Revenue proper for the year 1879, received to 31st December, amounted to £363,500 3s. 7d., which with amount estimated to be received, £2638 12s. 7d., make a total of £366,138 16s. 2d., and compared with 1878 shows a decrease of £16,353 7s. 10d. The increase and decrease under each head are given in the following Statement:—

I regret to have to report the failure on the part of a Collector of Revenue to complete his Returns. Mr. E. Phillips, Collector of Rural Police Rates for the district of Gordon, has omitted to furnish returns since the month of November last. The amount uncollected according to the Roll is £39 9s. 7d., from which about £4 10s. should probably be deducted for remissions. The Revenue will, however, only suffer a small loss, as the payment of salary and allowances, amounting to about £32, have been withheld under the 11th Section of the Audit Regulations that would otherwise have been paid to Mr. Phillips.

Expenditure.—The known Expenditure chargeable against the Consolidated Revenue for the year 1879 amounts to £404,411 16s. 11d.; viz.—

	£ s. d.
Ordinary Expenditure to 31st December, 1879.....	343,859 7 2

Ordinary Expenditure of 1879, from 1st January to 31st May, 1880..	39,598 16 1
	<u>£404,411 16 11</u>

The amount still outstanding on account of the year may be estimated at £8000, increasing the above figures by that sum, but the exact expenditure will not be arrived at till the close of the present year.

I append as usual Return (A.) of amounts authorised by the Governor in Council under Section 19 of the Regulations under the Audit Act (included in the above figures), also of Special Expenditure, which have not yet been voted by Parliament.

Debt of the Colony.—The Debt is stated in the Balance Sheet at £1,796,200, being the amount of Debentures and Treasury Bills outstanding on 31st December, 1879, less £1300 Discount on Sale of Debentures for £65,000 placed to Suspense Account in the Treasury Books until the amount shall have been provided for, the actual Debt (exclusive of Treasury Bills for £32,000 authorised as a temporary aid to the Revenue) amounts to £1,777,500, the difference being caused by the omission in the Treasury Account of £4800 Debentures due to 31st December, 1879, not presented at that date, £7200 Debentures authorised but not issued, £1300 in suspense, and the addition of the Treasury Bills issued and outstanding as above. The following Statement will explain the particulars of the Debt:—

	<u>£1,777,500 0 0</u>

* Amount of Reserve £37,727 13s. 8d.

† Amount of Fund, £395 10s. 5d.

‡ No amount credited to this Fund.

In my last Report reference was made to the fact of the conditions under which certain Debentures were authorised not having been fulfilled, and at the risk of being considered troublesome I again refer to this matter, considering that its importance justifies me in urging upon Parliament the necessity for providing some remedy.

There are four different funds available for the redemption of Debentures, viz.—Reserve under “Waste Lands Act,” Sec. 19, £4050 0s. 9d.; Reserve under “Waste Lands Act,” Sec. 29, £33,676 12s. 11d.; Reserve Fund for redemption of Debentures, £2011 9s.; Sinking Fund under 36 Vict. No. 18, Sec. 14, £395 10s. 8d.; amounting in the aggregate to £40,133 13s. 4d. With the exception of £200 of Debentures bought with part of the last-named Fund the several sums have not been invested but have merged into the General Cash Account, thereby saving the Revenue, or Profit and Loss Account of the Government, a considerable amount of interest, and have been useful to the Treasurer during financial pressure for the purpose of avoiding considerable overdrafts. There now seems a reasonable hope that the financial difficulties of several years past have been adjusted, and that an opportune time has arrived for placing these Reserves upon a proper basis. It is therefore suggested for consideration whether it would not be desirable to consolidate the whole into one fund to be called “A Sinking Fund for the Redemption of Debentures,” with proper provision for investment, &c. When it is considered that such a fund would start with a capital of Forty thousand Pounds, and that the authorised reserves from the Land Fund would add about £12,000 per annum, it will be easily understood that, with the interest upon the investment accruing from time to time, a very respectable sum would in a few years be available for the reduction of the Public Debt of the Colony, and that such a measure would enhance the value of the Debenture Stock both here and in England.

Loans under Special Acts.—The Loan of £1000 to the Tarleton Road Trust, and £700 to the Promoters of the Penguin Breakwater, referred to in my letter of 24th July, 1879, have only been partly dealt with, the £700 having been included in Act 43 Vict. No. 19, authorising the appropriation of certain moneys for Public Works. The other amount appears to have been lost sight of.

Act 43 Vict. No. 19.—Parliament under this Act authorises the appropriation of £34,878 2s. 9d. for certain Public Works, but no money has yet been provided for such appropriation; it is therefore necessary that this omission should be made good during the coming Session.

Interest and Discount.—The Interest gained by depositing a portion of the Loan of £300,000 in the Commercial Bank, amounting to £497 5s. 1d., has been credited to Interest on Debentures, upon what principle it is difficult to understand; it should, it is thought, more properly have been shown as a Special Receipt according to former usage. The Discount, £1300 on sale of Debentures for £65,000, is at present debited to Suspense Account until provision shall have been made for the loss.

Salaries charged to Loans.—Under authority of Public Works Act Salaries and Allowances of persons temporarily employed are payable upon the Governor's authority, which practically means the authority of a Minister; and a very large amount of public money is payable from year to year upon such individual authority. As this arrangement has been sanctioned by Parliament it is not within my province to object to it; two cases having however occurred during the past year, in which the Honorable the Minister of Lands authorised increases to salaries of two officers on the Permanent Establishment to be charged to Loans money, the authorities were queried by me, on the ground that the payment of increase of salary to persons employed on the Permanent Establishment from money raised by Loans was not in accordance with the intention of Parliament, and that all such increases could only be authorised under Section 19 of the Regulations under the Audit Act. Subsequently the authority of the Governor in Council was obtained for the amounts to be charged against the Loans as previously intended. I do not feel quite sure that the provisions of Section 19 of the Regulations have been strictly complied with in this matter, and therefore think it desirable to introduce the subject in this letter for the information of Parliament.

Unadjusted Accounts.—The several small amounts standing at credit of Deposit Accounts and unexpended balance of Loans Acts, referred to in my Report for the year 1878, have not yet been adjusted, and are again referred to in the hope that attention may be paid to this matter during the current year.

Municipal Accounts.—The accounts of thirteen Rural Municipalities have been audited; those for Clarence, Glamorgan, Green Ponds, Richmond, and Oatlands are under examination, but the New Norfolk Accounts have not yet been rendered.

Road Trust Accounts.—Fifty-nine Road Trust Accounts have been audited; those for Chudleigh, Victoria, Kentish Plains, Forth, Tankerville, Surges Bay, Clarence, Port Cygnet, Evandale, Upper Huon, Westwood, and Upper Sorell are under examination.

Marine Board Accounts.—The Marine Board Accounts, with the exception of the Mersey, have been received and audited. The delay in furnishing the Mersey Accounts is nothing unusual, considerable inconvenience, owing to the neglect of this Board, having been caused to this Department for several years past.

Queries and Letters not satisfied.—Appended is a Return (B) of Letters and Queries to which no replies have been received, or in which the matters referred to have not been satisfactorily replied to. I have to call attention to the same, especially to those referring to the Accounts of the Recorder of Titles.

In conclusion, I beg to remind you that frequent application has been made for proper assistance to enable this Department to thoroughly carry out the provisions of the Audit Act,—increasing work and responsibility now render this absolutely necessary. I hope, therefore, that the Government will grant such assistance as soon as possible.

I have the honor to be,
Sir,

Your most obedient Servant,

W. LOVETT, *Colonial Auditor.*

The Hon. the Colonial Treasurer.
