 - Recognises that *kunanyi* is a place of immeasurable cultural significance to the palawa people – both in the past, and now.
 - (2) Agrees a cable car on *kunanyi* is anothema to the protection of the mountain's cultural and natural values.
 - Welcomes the Resource Management Planning Appeal Tribunal's rejection of the (3) appeal by the Mount Wellington Cableway Company (MWCC) which sought to minimise assessment of the impact a cable car would have on Aboriginal heritage.
 - Notes that MWCC shamelessly bought up domain names that include the title 'kunanyi' (4) without consulting the Aboriginal community and since refused to do a comprehensive on-site heritage survey.
 - Understands MWCC's cable car proposal is just one of dozens of deals being done (5) behind closed doors, through the Office of the Coordinator General.
 - Further recognises that MWCC's disregard for Aboriginal heritage has been, in large (6) part, fostered by the Liberal Government facilitation of their divisive, destructive cable car proposal – supported by the Labor Opposition.
 - Agrees kunanyi should be protected for its outstanding natural and cultural values, not (7) exploited by private developers. (3 March 2021)

 - (3) Acknowledges that with COVID-19 impacts on tourism that our Government energy businesses can play an important role in supporting the broader community.
 - (4) Further notes that the Waddamana site which brings in brings around 7,000 visitors to the Central Highlands each year closed temporarily in March 2020 due to COVID-19, and re-opened again in late 2020, when safe to do so, providing tourism support for the local community.
 - (5) Further notes the 'New Way of Living' exhibit which opened in late 2020, showcases how a reliable supply of renewable energy has changed the domestic lives of ordinary Tasmanians.
 - (6) Further acknowledges that Tasmania has long been seen as having a world class electricity system and the re-opening and refreshing of the Waddamana Power Station Heritage Site is further evidence of Tasmania's reputation as the renewable energy powerhouse of Australia. (3 March 2021)

415 Ms O'Connor to move—That the House:—

- (1) Notes the recent coup in Myanmar, where the military unlawfully seized power following the November 2020 elections, and have responded to peaceful democratic protests by using lethal force.
- (2) Further notes the US Capitol insurrection in Washington, where the heart of American democracy was violently invaded after Donald Trump and senior Republicans repeatedly lied about the result of the 2020 Presidential Election.
- (3) Acknowledges the push for democratic reform in Thailand, where tens of thousands of people have taken to the streets to call for change, and the Government has responded in increasingly repressive ways.
- (4) Applauds the brave people of Belarus who have stood up in their tens of thousands against a dictator who refused to concede an election loss.
- (5) Further acknowledges the 47 pro-democracy activists currently on trial in Hong Kong, who face lengthy jail terms simply for organising electoral participation.
- (6) Recognises the above are just some of many international examples that demonstrate democracy is both vitally precious and extremely fragile.
- (7) Understands that as Tasmanians we are privileged to live in a peaceful parliamentary democracy, where all citizens are equal under the law and free to express themselves.
- (8) Further understands that with this privilege comes a responsibility to value, defend, and strengthen our democracy, and that this responsibility is particularly crucial for elected representatives.
- (9) Commits to doing everything possible to improve the health, vibrance, inclusivity, and strength of our democracy. (4 March 2021)

416 Ms *O'Connor* to move—That the House:—

- (1) Agrees with the Premier, Hon. Peter Gutwein MP that housing supply is a major factor in the housing and homelessness crisis.
- (2) Notes the Liberal Government's failure to properly fund construction of public housing since 2014 has led to a decrease of available dwellings from 8,413 to 7,050.
- (3) Understands this lack of public housing stock has led to a ballooning of the State's public housing waiting list, and been a significant factor in the decline of vacancy rates and rise of prices in the State's rental market.
- (4) Further notes the Housing wait list was at its lowest level in a decade under a Green Minister.
- (5) Further understands that while building new homes is an essential way of increasing supply, regulating whole-of-house short stay accommodation is also critical.
- (6) Acknowledges that, despite the Premier's statements to the contrary, rental prices are far too high.

- (7) Further acknowledges that since COVID-19 emergency protections expired on 1 February 2021, tenants around Tasmania have been issued with notices for substantial rent increases.
- (8) Recognises the end of the Federal Government's COVID supplements will only add to the hardship of Tasmanians struggling with housing security and affordability.
- (9) Further recognises the Premier has done nothing to advocate for the extension of these payments.
- (10) Accepts the need for urgent action to mitigate the deepening housing crisis and its impact on Tasmanians struggling to find a secure, affordable home.
- (11) Improves the lives of thousands of Tasmanians by working together to urgently pass housing reforms. (4 March 2021)

417 Ms O'Byrne to move—That the House:—

- (3) Further recognises the contribution of the Derwent Valley to Tasmania through agriculture, viticulture, forestry, renewable energy, and tourism industries that employ thousands of Tasmanians. (4 March 2021)

419 The Minister for Primary Industries and Water to move—That the House:—

- (1) Notes that the 182nd annual Campbell Town Show was held on 5 December 2020.
- (2) Further notes that the Show, established in 1838 by a visionary group of landowners, is now the longest continually running show in the southern hemisphere and is listed by the National Trust as part of our State's living history.
- (3) Recognises that the Show, which boasts of being Tasmania's only Sheep Show, has played a leading role in the display of Tasmania's high quality livestock and wool and is a tremendous economic and social contributor for the Northern Midlands and Tasmania more broadly.
- (4) Further notes that the date for the show was delayed from May to December 2020 due to COVID-19. The Midlands Agricultural Association (MAA) organised a very successful one day event which included hosting the Stud Merino Breeders Association of Tasmania's annual Merino and Poll Merino Ram Sale, the Fleece Competition, a smaller but still great display in the exhibition hall and a Wood Chopping and Yard Dogs Competition.

- (5) Congratulates and thanks the MAA organising committee including President Georgina Pengilley, staff, volunteers, sponsors and community members on another job well done.

- (1) Notes Tasmania has the renewable and dispatchable energy the rest of the nation needs, and the Hodgman Liberal Government is committed to using this advantage to ensure all Tasmanians benefit.
- (2) Records this Governments continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:-" and inserting instead:

- "(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio." (Next Speaker: Minister for Energy)
