Notices of Motion

- 297** Dr Woodruff to move—That the House:—
- (1) Acknowledges the right of communities to have a say about their local area.
 - (2) Recognises the critical importance of third party appeals in planning decisions.
 - (3) Hears the concerns of Westbury residents, worried about the impact a prison will have on their area.
 - (4) Notes the Labor Party's 2018 Election policy on planning, rejected ministerial call in powers, and committed to the right of third party appeals in discretionary developments.
 - (5) Further notes with shame the Opposition Leader, Hon. Rebecca White MP's statements in support of the proposed Major Projects legislation, abandoning those principles.
 - (6) Further recognises the Greens are steadfast in our commitment to democratic accountability in our planning system and the right of appeal.
 - (7) Calls on both the Liberals and Labor to rethink their support for undemocratic and unnecessary Major Projects legislation. (4 June 2020)
- 298** Ms O'Connor to move—That the House:—
- (1) Notes that deer are a feral species that was introduced to Tasmania in 1836.
 - (2) Recognises that Government policy has encouraged deer population growth to provide sport for hunters, at the expense of farmers and the natural environment.
 - (3) Understands Tasmania is one of only two Australian jurisdictions that doesn't treat feral deer as a pest species, and in fact protects fallow deer better than it protects many of its endemic native species.
 - (4) Acknowledges with regret that despite fallow deer are an increasingly difficult and expensive problem for primary producers, natural values, the integrity of protected areas and – critically – road safety, the Primary Minister for Primary Industries and Water, Hon. Guy Barnett MP has refused to provide a briefing to the Greens, requested on behalf of frustrated stakeholders.
 - (5) Supports the call made by the Invasive Species Council for a deer management plan that treats deer as the destructive pest species they are, and works to remove them from the landscape.
 - (6) Calls on the Minister for Primary Industries and Water to develop a plan that eradicates feral deer from Tasmania rather than encouraging them to have a permanent, destructive place in this fragile landscape, at the expense of farmers and taxpayers. (4 June 2020)
- 299** Ms O'Connor to move—That the House:—

NOTICES OF MOTION AND ORDERS

- (1) Notes the persistent, grave injustice of police brutality and racial discrimination suffered by people of colour in the United States of America, a nation beset by widespread riots, protests and looting over the murder of George Floyd.
- (2) Understands these protests are the outcome of generations of systemic racism and oppression.
- (3) Condemns the response and actions of the Trump administration both in its treatment of minorities and its role in fanning the flames of hatred, violence and civil unrest.
- (4) Recognises Aboriginal Australians have long suffered as a result of both government policy and societal racism, and that this suffering has far too often been ignored.
- (5) Acknowledges that the palawa/pakana people are the original owners of lutruwita/Tasmania, and that their land was never ceded.
- (6) Accepts elected representatives have a responsibility to protect the rights and dignities of the first people of lutruwita, with respect to their genocidal history and enduring pain, lack of political representation and the grievous robbing of their country.
- (7) Commits to justice for this island's first people, and achieving genuine reconciliation through:—
 - (a) land returns;
 - (b) Treaty;
 - (c) honouring the 1831 agreement with George Robinson; and
 - (d) changing the date of Australia Day. (4 June 2020)

300 Ms *O'Connor* to move—That the House:—

- (1) Recognises that on 22 June 2020, the Tasmanian Law Reform Institute (TLRI) published a report on how the Marriage and Gender Amendments Act has operated since it was enacted in September 2019.
- (2) Acknowledges the report was based on wide-ranging research, including public and stakeholder consultation.
- (3) Notes that the report finds the nation-leading reforms make the lives of transgender, intersex and non-binary members of our community easier and make Tasmania an even kinder place to live.
- (4) Further notes the TLRI confirms the reforms do not create any significant unintended consequences for the State's law and justice system.
- (5) Calls on the Government to enact all of the recommendations contained in the TLRI's report.
- (6) Specifically, calls on the Attorney General, Hon. Elise Archer, MP to progress recommendations to enact legislation governing surgical or medical intervention in relation to sex characteristics, including:—
 - (a) amendments to the 'Criminal Code Act 1924' to criminalise non-consensual medical interventions;
 - (b) amendments to the 'Civil Liability Act 2002' to empower intersex people to pursue claims for compensation for personal trespass and breach of professional duty against doctors where medical interventions to alter intersex variations of sex characteristics have resulted in physical or mental harm; and
 - (c) establishment of a 'Consent to Medical Treatment Act' that covers the children's consent to medical care. (24 June 2020)

301 Ms *Standen* to move—That the House:—

- (1) Notes that a crisis in housing affordability and availability existed prior to the COVID-19 pandemic, and that the problem has not gone away.
- (2) Recognises that more than 8,000 low income Tasmanian households are experiencing rental stress and more than 20,000 Tasmanians have lost their job.
- (3) Further notes that housing security is fundamental to job security, education and training which will underpin economic recovery.
- (4) Further notes that many properties have transferred from short stay accommodation to the private rental market throughout the pandemic, and that returns on rental properties remain high for investors.

(5) Further notes that 27 July 2020 will be the 67th anniversary of the signing of the Armistice that brought an end to active fighting in Korea in 1953.

305 The Minister for Primary Industries and Water to move—That the House:—

306 The Attorney-General to move—That the House:—

- (1) Notes the Tasmanian Government has a comprehensive plan to support access to justice, improve and modernise court processes and ensure the safety of our prisoners during the COVID-19 emergency and our recovery phase. This includes bringing forward \$5.9 million of its \$15 million investment in improving access to court services in Burnie, streamlining court proceedings and helping inmates stay connected.
- (2) Further notes that the Tasmanian Labor Party's so-called COVID-19 recovery package does not mention any infrastructure projects for Justice or Corrections, proposes no money be spent on our judicial or corrections systems and delivers no improved services.
- (3) Further notes that the Tasmanian Labor Party has no recovery plan for the Courts, inmates, corrections staff, or for improving and modernising the Tasmanian justice system. (24 June 2020)

307 The Attorney-General to move—That the House:—

- (1) Notes the Australian Labor Party recently voted to support a Bill in the Australian Parliament which included minimum mandatory sentences for child sex offenders.
- (2) Commends the Australian Labor Party for abandoning their amendments to mandatory minimum sentences for child sex offences because, as Labor Senator, Senator the Hon. Murray Watts has been quoted, "protecting the welfare of children will always be Labor's overriding priority and concerns".
- (3) Calls on the Tasmanian Leader of the Opposition, the Hon. Rebecca White MP and Tasmanian Labor to follow their Federal party colleagues and abandon their ideological opposition to minimum mandatory sentencing and protect Tasmania's most vulnerable children. (24 June 2020)

- (4) Recognises that the Cascades Female Factory is one of very few surviving female factories and has been deemed of international heritage significance due to its ability to tell the female convict story.
- (5) Further notes that it is also a significant site for the Hobart region, seeing 34,803 visitors in 2018-19, and is a significant tourist attraction. (20 June 2020)

 - (5) Further notes these fast-tracked maintenance works will also provide ongoing work for those in Tasmania's building and related sectors.
 - (6) Recognises that the TMAG property portfolio includes some of the most significant heritage buildings in the State which are visited by more than 450,000 Tasmanians, interstate and international visitors every year. (24 June 2020)

- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.

- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses. (Mrs Rylah)

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:-" and inserting instead:

- "(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio." (Next Speaker: Minister for Energy)
