Notices of Motion

- 349** The Minister for Local Government to move—That the House:—
- (1) Acknowledge the critical role the Local Government sector plays in supporting our communities through local representation, service delivery and planning that supports jobs and development.
 - (2) Recognises that Councils will play a key role supporting recovery from the COVID-19 pandemic at the local and regional levels.
 - (3) Commends the Local Government sector for its proactive approach to rolling out local stimulus and relief measures to Tasmanian communities.
 - (4) Notes financial hardship policies have been developed across many municipalities to provide further financial assistance to those who need it the most.
 - (5) Commends Local Governments for bringing forward capital works projects, which in turn are providing opportunities for local businesses and employment opportunities for Tasmanians.
 - (6) Further notes the Premier's Economic and Social Recovery Advisory Council has been engaging directly with the Local Government sector on council's current and future needs, as we move into the recovery phase. (17 September 2020)
- 350** Ms *Woodruff* to move—That the House:—
- (1) Welcomes the 'Rehabilitation & Reintegration Inspection Report: Inspection of Adult Custodial Services in Tasmania, 2018', tabled in Parliament on 16 September 2020.
 - (2) Notes the report identifies and reinforces a wide range of significant issues in the State's corrections system, including but not limited to:—
 - (a) education programs being cut;
 - (b) prisoners receiving no assistance to prepare for release;
 - (c) Foundation and Case Management Plans not being reviewed as per the Director's Standing Orders;
 - (d) the need for more training for Tasmanian Prison Service staff;
 - (e) inadequate resourcing to meet the needs of prisoners with disabilities;
 - (f) the lack of a drug and alcohol program for women prisoners;
 - (g) the need to increase prisoner employment; and
 - (h) health and safety concerns across industry, food, and other areas of prisons.
 - (3) Acknowledges prisoners have basic rights that must always be met by the corrections system.
 - (4) Recognises that failure to deliver on support for prisoners increases the risk of reoffending, as highlighted by the Custodial-Inspector.
 - (5) Further notes the reclassification of Ron Barwick Prison from a minimum security to a medium security facility.

NOTICES OF MOTION AND ORDERS

- (6) Further recognises that 19% of the State's prisoners are Aboriginal Tasmanians, a rate four times higher than the non-Aboriginal population.
- (7) Understands this rate of incarceration for Aboriginal Tasmanians is unacceptable, and reflects the ongoing injustice faced by the First People of lutruwita/Tasmania.
- (8) Further understands the Liberal Government's approach to justice and crime is failing the community and is continuing to place huge strain on the State's corrections system. (17 September 2020)

351 Ms O'Connor to move—That the House:—

- (1) Acknowledges the economic shockwaves from COVID-19 will continue for years.
- (2) Notes that unemployment and underemployment were already significant, ongoing issues prior to the pandemic.
- (3) Recognises intergenerational inequality has resulted in poor economic, health, and educational outcomes for thousands of Tasmanians.
- (4) Accepts the majority of unemployed and underemployed people are in unfortunate circumstances through no fault of their own.
- (5) Understands access to a reliable and liveable income is essential to meet basic needs like food, housing, healthcare, transport, bills, and education.
- (6) Further recognises that providing more work opportunities benefits individuals, society and the economy as a whole.
- (7) Further accepts that dealing with the colliding challenges of the climate emergency, long-term disadvantage and the impact of coronavirus will require ambitious Government action.
- (8) Further notes in the decades following the Second World War, the Australian Government was committed to a policy of full employment.
- (9) Further notes that since the full employment policy was abandoned, the private sector has never employed all willing labour participants, even in economic booms.
- (10) Calls on the Gutwein Government to investigate how a Jobs Guarantee program could be adopted in lutruwita/Tasmania to strengthen our COVID recovery and support economic transition to tackle the climate emergency. (22 September 2020)

352 Ms O'Connor to move—That the House:—

- (1) Recognises the Liberal Government's Expressions of Interest (EOI) process for developments in Parks is unprecedented in scale, and done without the input of Tasmanians.
- (2) Further recognises many of these developments will require a Reserve Activity Assessment (RAA) by the Parks and Wildlife Service.
- (3) Acknowledges the Resource Management and Planning Appeal Tribunal (RMPAT) concluded in relation to the Lake Malbena case that a project's compliance with a Management Plan cannot be appealed to RMPAT.
- (4) Understands this means for many EOI proposals, Environment Protection and Biodiversity Conservation (EPBC) assessments are the only appealable assessment for projects' compliance with management plans.
- (5) Further understands that the Parks and Wildlife Service recommended the proponents for Lake Malbena split the application in two in order to bypass EPBC assessments for key elements of the proposal.
- (6) Further recognises this is reflective of an executive culture in the Department of Primary Industries and Water (DPIPWE) focused on getting outcomes for developers, rather than fulfilling statutory and public obligations to protect wilderness and cultural values.
- (7) Agrees the RAA process is not a process in law, has no accountability, and without an avenue for appeal can be easily exploited to create a pre-engineered outcome for developments in protected areas.
- (8) Further agrees on the need for a proper statutory assessment process for developments in Park, which must include transparent application processes, community consultation, and the ability to appeal decisions in relation to Management Plan compliance. (22 September 2020)

NOTICES OF MOTION AND ORDERS

- 353** Ms *Standen* to move—That the House:—
- (1) Agrees that food security is a basic human right - no Tasmanian should be without reliable access to affordable, nutritious food.
 - (2) Commends the work of charities that even prior to COVID-19 were struggling to meet the rising need for food relief.
 - (3) Notes with concern the Foodbank Hunger Report 2019 showed an 18% increase in Tasmanians seeking food assistance over the previous year 2018; and that 40% more food was required to meet demand.
 - (4) Understands that cost of living is a key cause of food insecurity, especially for low income households, with many families going hungry due to an unexpected expense, cutting down or skipping meals or going a whole day without eating.
 - (5) Recognises food relief providers have run out of Government funding, are over-extended and are dependent on support from donations and volunteers.
 - (6) Further notes that when income support schemes are wound back, food relief providers are expecting to get all their old clients back in addition to those who have been new through the doors during COVID.
 - (7) Calls on the Liberal Government to immediately allocate additional funding to meet the need for food relief and implement long-term funding agreements to provide for this essential service. (22 September 2020)
- 354** Dr *Woodruff* to move—That the House:—
- (1) Acknowledges freedom of expression in the Arts is central to a healthy, vibrant democracy.
 - (2) Understands the filmmaker of 'Wild Things' is a Screen Tasmania grant recipient.
 - (3) Notes that 'Wild Things' captures the experiences of young environmentalists and climate strikers, fighting for the future of human survival in a time of climate emergency.
 - (4) Further notes with concern that the Honourable Member for Braddon, Dr Broad MP, would prefer the heavy hand of a government censor to intervene in artist's grant applications.
 - (5) Recognises that Dr Broad's comments are extremely concerning from someone who presents himself as an alternative minister.
 - (6) Further acknowledges that unlike Dr Broad and Labor, the Greens will always stand with the arts community and defend their right to freedom of expression, along with the climate strikers and environment protesters fighting for the future.
 - (7) Calls on the Government to maintain the independence of Screen Tasmania and its grant decisions. (22 September 2020)
- 355** Dr *Woodruff* to move—That the House:—
- (1) Acknowledges the large gathering of people who attended the East Coast Alliance's AGM for 2020 in Swansea.
 - (2) Understands that, despite the strictures of the COVID-19 pandemic, that has seen many groups contract, this thriving community group has had an increase in members, donations, and social media engagement.
 - (3) Recognises the East Coast Alliance was born from the fight to stop the mega Cambria Green takeover of farmland, lifestyle, cultural heritage and environment.
 - (4) Further recognises the Alliance is getting bigger, stronger and wiser and will not give up in the fight to defend their community.
 - (5) Calls on the Government to commit to not declaring the Cambria Green development a Major Project. (22 September 2020)
- 356** Ms *Ogilvie* to move—That the House agrees that Tasmanians deserve a fair social and economic recovery. (22 September 2020)
- 357** Dr *Broad* to move—That the House:—
- (1) Notes that the Minister for the Arts, Hon. Elise Archer MP, signed off on funding for the 'Wild Things' documentary.
 - (2) Further notes that the 'Wild Things' documentary promotes protesting in Tasmanian forests including footage of tree sits and individuals locking onto forestry equipment.

NOTICES OF MOTION AND ORDERS

- (3) Further notes the Minister for Resources, Hon. Guy Barnett MP, questioned the funding for the 'Wild Things' documentary for promoting illegal activities in Tasmanian forests and called for an investigation into decision making in his Ministerial colleague Elise Archer's portfolio.
- (4) Further notes that Liberal Government support for the 'Wild Things' documentary has been widely condemned by the forestry industry.
- (5) Further notes that the Liberal Government support for the 'Wild Things' documentary has been welcomed by the Greens Party.
- (6) Calls on the Government to explain how it can support illegal activities with public funding. (22 September 2020)

358 Ms *White* to move—That the House:—

- (1) Notes the Government accepted all recommendations of the July 2020 Premier's Economic and Social Recovery Advisory Council (PESRAC) report on the 18 August 2020.
- (2) Further notes recommendation two states, "The State Government should explain to the community its future COVID-19 management strategy including how any future outbreaks will be handled."
- (3) Acknowledges PESRAC identified this recommendation for immediate action.
- (4) Calls on the Government to detail in full its response to recommendation two and table the management strategy by the 24th September 2020. (22 September 2020)

359 The Minister for Health to move—That the House:—

- (1) Acknowledges that the week of 14 - 20 September 2020 was the Australian College of Nursing "Nursing in the Community Week", which is an excellent opportunity to recognise and appreciate the amazing work of Tasmania's Community Nurses.
- (2) Celebrates and thank all of our incredible nurses for their service and the immense contribution they make to the health and wellbeing of Tasmanians.

- (6) Further notes that 2020 is also the International Year of the Nurse & Midwife.
- (7) Commends the Australian College of Nursing for continuing to support nurses in our communities through the promotion of the Nursing in the Community Week. (22 September 2020)

- (1) Notes that the Cancer Council Tasmania Women's 5km Walk/Run was held on the weekend of 11-13 September 2020.
- (2) Recognises that each year, the Women's 5km Walk/Run brings together men, women and children of all ages, backgrounds, levels of fitness and accessibility across Tasmania in celebration and remembrance of life.
- (3) Acknowledges that the 2020 theme was "Do It For Her" and was held as a virtual event, which allowed participants to do their 5kms over the course of three days in a location of their choice.
- (4) Further recognises the event supports and encourages health awareness for all Tasmanians and also raises funds for Cancer Council Tasmania's research programs to support the more than 3,200 Tasmanians diagnosed with cancer each year.
- (5) Congratulates all 868 participants who attended the event across the State on their fantastic efforts and ongoing support, by raising over \$124,000 so far to help minimise the impact and incidence of cancer on Tasmanians.
- (6) Commends the Cancer Council Tasmania on the success of the 2020 event, and by being able to adapt the model for Tasmanians to still participate in a COVID-19 environment.

NOTICES OF MOTION AND ORDERS

- (7) Encourages the Tasmanian community to continue to give generously and get involved in local events to support the ongoing fight against cancer for the benefit of all Australians. (22 September 2020)

361 Mr *Tucker* to move—That the House:—

- (1) Acknowledges the ongoing importance of preparing for bushfires in Tasmania and the leadership the Tasmanian Liberal Government has shown by taking strong action each year since 2014.
- (2) Notes that bushfire preparation is a shared responsibility between land owners and occupiers, asset managers, and different levels of Government.
- (3) Further acknowledges the significant additional financial contributions from the Australian Government and the State Fire Commission enabling additional aerial resources to be added for the 2020-21 summer bushfire season.
- (4) Commends the cooperative approach to planning and preparation of all levels of Government, and recognises the key role Local Government plays in responding to emergencies and during recovery.
- (5) Further notes Tasmania is a national leader in bushfire policy and preparation through our Fuel Reduction Program which gives communities and our firefighters a better chance to combat fires.
- (6) Further commends the Tasmanian Fire Service and other firefighting agencies and landowners for a highly successful autumn and winter burning program, and notes the spring burning campaign is already underway.
- (7) Further notes the Government is developing legislation to make it even easier for landowners to manage risks on their land.
- (8) Further notes the Government is also investing in the Red Hot Tips Program to support landowners, and is investing in additional burn crews to get more fuel reduction burning done.
- (9) Thanks all volunteers and career staff in our fire agencies, who are making Tasmania safer by year on year increasing our readiness to deal with future fire seasons. (22 September 2020)

4 2019 Federal Election: Adjourned Debate on the Question proposed on Wednesday, 22 May 2019 by Mr *Shelton*—That the House:—

- (1) Congratulates Prime Minister Hon. Scott Morrison MP and the Federal Liberal Party for the outstanding result in the Australian Federal election held on 18 May 2019.
- (2) Further congratulates, subject to final confirmation, the election of Tasmanian Federal Liberal representatives in both the Senate and the House of Representatives.

5 Battery of the Nation: Adjourned Debate on the Question proposed on Wednesday, 31 July 2019 by Mrs *Rylah*—That the House:—

- (1) Notes Tasmania has the renewable and dispatchable energy the rest of the nation needs, and the Hodgman Liberal Government is committed to using this advantage to ensure all Tasmanians benefit.

NOTICES OF MOTION AND ORDERS

- (2) Records this Government's continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.
- (5) Recognises that Tasmania has a world-class wind resource complemented by our pumped hydro that means there will always be some electricity available for export when the mainland is experiencing low wind or high demand.
- (6) Acknowledges that the Australian Government clearly recognises the importance of Tasmania's energy solutions and our status as the leading energy state.
- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses.

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:-" and inserting instead:

- "(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio." (Next Speaker: Minister for Energy)

- (2) Further acknowledges that homelessness is often linked to other challenges such as mental illness, and the Tasmanian Government is focusing on the integration of mental health services to provide more holistic support and greater independence for clients.
- (3) Further acknowledges that Tasmania's Affordable Housing Strategy is responding to the current challenges in the housing market by boosting supply across a spectrum of needs.

NOTICES OF MOTION AND ORDERS
