ENGINEERS AUSTRALIA

Engineers Australia

“Engineers Australia is the trusted voice of the profession. We are the global home for engineering professionals renowned as leaders in shaping a sustainable world.”

The Institution of Engineers Australia (Engineers Australia) is the not-for-profit professional association for engineers. Established in 1919, Engineers Australia is constituted by Royal Charter to advance the science and practice of engineering for the benefit of the community.

Our work

Accredit all Australian university engineering courses.

Largest voluntary register for engineers, the National Engineering Register (NER).

Learned society with nine colleges and 27 industry-focussed Technical Societies.

Largest provider of Continuous Professional Development (CPD) to the engineering profession.

Inspire over 100,000 primary school students with EngQuest.

Public policy imperatives

The engineering profession is committed to creating solutions to make the world a better place. A public policy framework is needed that:

- Draws on engineers to solve policy challenges
- Reflects the nexus between educating people now for the workforce of the future
- Understands the value of domestic skills capability within a global marketplace
- Promotes and enables innovation in everything we do, to drive economic growth and improve standards of living.

Our brands

Engineers Australia manages a suite of well-known brands:
