Legalised Medicinal Cannabis Inquiry

Tom

Further to our recent telephone conversation I formally seek an appointment to allow executives of Essential Oils of Tasmania to make a verbal presentation to the Legislative Council Sessional Committee Government Administration A - Legalised Medicinal Cannabis.

Essential Oils of Tasmania is a world leader in the development of techniques and processes for production of ingredients and bioactive compounds from Australian indigenous plants. These well-established processes and security protocols have been recognised by the Australian Government through the recent allocation of a Commercialisation Australia grant to support the purchase of new leading edge technology.

I look forward to an opportunity for our company to meet with your Committee.

Regards

Peter Fehre

Subject: Request - Legalised Medicinal Cannabis Inquiry
Attachments: LC Inquiry - EOT.pdf

Tom

Further to our recent conversation I attach a formal request for EOT executives to appear before your Committee.

Please contact me if you require the formal approach as an original document rather than as a pdf attachment to an email.

Regards

Peter
