Subject: I object to the Macquarie Point stadium

Dear Committee Secretary

I have zero interest in AFL or other sports that require a stadium, and in my large circle of friends and acquaintances there are few if any who don't share my view.

Hence I am opposed to the proposed \$750 million stadium at Macquarie Point.

There are so many other things that government funds could be spent on. "Bread and circuses" has been a trope since Roman times, and this proposed stadium is a classic example.

Another stadium is the wrong priority for Tasmania.
