

## Kings Meadows Heavy Vehicle Rest Area

### **Mr WOOD question to MINISTER for INFRASTRUCTURE**

Recently, I was contacted by Amos, who resides in Kings Meadows in my electorate of Bass. He and his family live adjacent to the Southern Outlet. His concerns are about the proposed heavy-duty vehicle rest area. Whilst being supportive of the proposed truck stop, he is concerned that the planned soundproofing wall has been removed from the proposal. Could the minister please advise if this is the case, or confirm the soundproofing wall is still part of the proposal?
