Subject: Submission to Inquiry into Energy Prices

I write this submission to inform the Inquiry on how rising energy bills are affecting me.

I have changed over to the new digital recording meter and when the meters were usually read, they're now later than prior readings by the meter-man.

This last time I rang twice before the increased bill turned up.

In fact, the first time I rang, the lady stated that it would arrive in a couple of days. After 10 days, I rang again found out the cost & it still took another 2 days to arrive.

I have been considering to ask for the digital meter to be taken off & changed back to the original meters.
