

Spirit of Tasmania – New Vessels Update

Mr GARLAND question to MINISTER for TRANSPORT

My question is from Bob in Devonport. On 2 March, 2025, the Tasmanian Government announced it had instructed TT-Line to continue preparations to relocate the vessel *Spirit IV* to Tasmania and that a further update regarding *Spirit IV* timelines will be provided in due course. More than two months later, there has been no update. Can the Minister please provide a progress report on the new Spirit ships; information and a report on how much the ships are currently costing; information about where *Spirit IV* is as of today, May 8, 2025; on what date *Spirit IV* left or is leaving Leith in Scotland; and where in Tasmania it will be situated when it arrives?
