DELORAINÉ RAILWAY.

---

Presented by Mr. Abbott, and ordered by the House to be printed,  
30 July, 1862.

*To the Honorable the House of Assembly of Tasmania, now assembled.*

The Petition of the undersigned Landowners and Occupiers in the Northern part of Tasmania.

RESPECTFULLY SHOWETH :

THAT your Petitioners have observed a Draft Bill is to be introduced to enable Commissioners to construct a Railway from Launceston to Deloraine.

That, by the said Draft Bill, it is proposed the Government should issue Debentures to the amount of £400,000 and guarantee the interest thereon, taking a reguarantee for half the said amount from the Landowners of the Road Districts or Occupiers.

That the principle of the said Draft Bill is most dangerous to the best interests of the Colony, as we consider the Government should not undertake for one District what is not intended to be done in every other.

That no period is fixed when the guarantee of interests is to cease, which should not extend beyond Ten years, by which period the Railway ought to be self supporting, if the calculations of the projectors are to be relied on.

That an unlimited guarantee of interest is an inducement to the most reckless and extravagant expenditure, both in the construction and management of the same.

That the line of Railway proposed by Mr. Doyne, does not include the advantages anticipated from the route originally proposed through the Agricultural Districts of Longford, Westbury, and Deloraine.

We therefore pray that the Bill as proposed may not pass into law, and your Petitioners will ever pray.
