

## Small Business Grants Program - Awareness of Eligibility

### **Mrs PETRUSMA question to MINISTER for SMALL BUSINESS and CONSUMER AFFAIRS**

You recently announced the Enabling Business grants program to assist small businesses with small capital purchases. On behalf of the local businesses in my electorate of Franklin, I would like further information about the eligibility criteria to access this \$1 million grant program. Specifically, can the minister ensure that the more than 41,000 small businesses across our state are aware of whether they are eligible to apply?
