Dispenser :

H. L. FLETCHER.

Lady Superintendent :

MISS J. H. MILNE.

House Steward and Collector :

WILLIAM CHAMBERS.

GENERAL HOSPITAL, LAUNCESTON.

REPORT FOR THE YEAR 1895.

SIR,

I HAVE the honor to lay before you the following Annual Report of the Board of Management of the above-named Hospital for the year 1895.

1. At the beginning of the year the Board of Management took over from the Government the entire control of the Institution, which proceeding has given very satisfactory results, and obviated many vexatious delays in the transaction of minor business connected with the Institution. The Government allowed the Board £5100 and fees collected from patients to carry on the Hospital for one year. The fees amounted to £659 15s. 5d.; of this sum the Board expended £5429 15s. 5d., and so were able to return £330 to the Government.

2. Messrs. G. Collins, J. C. Ferguson, and W. Barnes retired from the Board of Management during the month of December, and were unanimously re-elected.

3. Fifteen Board and fifty-three Committee meetings were held during the year.

4. During the month of June, Dr. Drake, the Surgeon-Superintendent, left for England on fifteen months' leave of absence. Dr. Parker was appointed Surgeon-Superintendent during his absence, and to the position of House Surgeon Dr. C. A. Hogg was elected.

5. The thanks of the Board are due to the Members of the Honorary Consulting Staff for their attendance, when called upon, at the Hospital. Thanks are also due to the Honorary Dental Surgeons for the valuable work they continue to do in their department.

6. Two students have attended the medical practice, and four students the dental.

7. Dr. C. A. Hogg resigned the position of House Surgeon in December.

8. Courses of Lectures have been delivered to the Nurses,—by the Surgeon-Superintendent on Physiology, and by the Lady Superintendent on Nursing.

At the final examination four nurses passed, and thus gained the certificate as "Trained Nurse" in accordance with the Regulations prescribed.

9. The Hospital is indebted to many citizens for acts of kindness towards the patients and staff. During the year several performances were given by private individuals and companies for the entertainment of the patients.

10. The quality of the provisions supplied to the Hospital has, on the whole, been good. A greater variety in the diet scale has been allowed to the nursing staff.

11. The number of cases of typhoid fever treated in the Hospital during the year was one hundred (100), as compared with forty-six (46) in the year 1894. This accounts for the larger quantity of alcohol used during the year 1895.

The number of cases of diphtheria only six (6), as compared with nine (9) in 1894.

12. Improvements and alterations to buildings:—

A new bath-room at Nurses' Home; new slop-sink at south end of Hospital; New W.C. at north end; alteration of hot water pipes and tunnel; new flooring in pantry and passages.

13. The usual detailed information furnished by the Surgeon-Superintendent is embodied in the Report, and is of an interesting character.

14. Comparative Statistics for the years 1894 and 1895:—

Particulars respecting In-patients.

	1894.	1895.
Remaining on 1st January.....	60	47
Admitted during the year	788	805
Total treated	848	852
Discharged—

29. Information given as a basis of comparison with other Hospitals :—
 Population of the town and districts benefited? About 56,000 inhabitants.
 This is the only institution available to the inhabitants north of Oatlands, saving the Cottage Hospitals of Campbell Town, Waratah, Latrobe, and Beaconsfield.
 The character of the Hospital? General, save that lying-in cases are not admitted.
 Established thirty-one (31) years.
 Present building erected as a Hospital.
 Original cost, £12,000; extensions and improvements have cost about £26,000 in addition.
 Number of beds? 122.
 Cubic space of wards? 171,459 cubic feet.
 The whole of the annual maintenance is contributed by the Government, saving what is contributed by patients who pay fees.
 Cost of construction was defrayed by the Government.
 Small income from invested funds.
 Control of the Institution is under a Board of Management.
 Number of its members is thirteen. Appointments thereto are subject to the approval of the Governor in Council.
 Control in money matters is exercised by the Board of Management.

B.

- Total number of in-patients treated during the year? 852.
 Number of out-patients attending at Hospital? 1084.
 Number of attendances? 7239.
 Number attended at their own homes? *Nil*.
 Number of women attended in confinement at their own homes? *Nil*.
 Any enquiry officer respecting out-patients? No.
 Number of nurses? 18.
 Number of servants? Males, 7; females, 13.

C.

- Contract price of milk? 3d. per quart.
 Contract price of bread? 8s. per 100 lbs.
 Contract price of water? 1s. per 1000 gallons up to 200,000; above that quantity, 9d.
 Contract price of meat? Sirloin, 8½d. lb.; rump, 2d.; chuck rib, 1½d.; mutton, 2½d. per lb.
 Contract price of coal? 15s. 6d. per ton.
 Contract price of wood? Gum, dry, in billets, 9s. 6d. per ton; she-oak in log, 12s. 9d. per ton; ditto in billets, 12s. 9d. per ton.

30. Expenditure for the year, arranged under various heads :—
