

## St Helens District Hospital – Site Future

### **Mr JENNER question to MINISTER for HOUSING, PLANNING and CONSUMER AFFAIRS**

My constituent Darryl heard Homes Tasmania is planning to demolish the old St Helens District Hospital instead of developing it. This raises questions about why the funds are not being put towards affordable housing by selling it, rather than giving it away to Break O'Day Council. Can you please clarify if Darryl's information is accurate and advise exactly what is going to happen with the old St Helens District Hospital site?
