Dear Mr Scott

RE: Inquiry into the Tasmanian Government's process into the feasibility planning for a new stadium at Mac Point.

RSL Tasmania State Branch would like the opportunity to comment on the Government's plan to develop Mac Point into a Sports precinct (AFL 30000 seat + stadium)

Our submission is based around 3 points.

- 1, To explain the sequence of events that led us to oppose the stadium, this will highlight the process that state used.
- 2, To reinforce our key questions and concerns based on the environmental impact on our cenotaph, which has been a place of National, State and cultural significance since 1925 when the names of the 522 WW1 KIA were entombed in a zinc casket in the shaft of the obelisk.
- 3, To express our grave concerns that this build may not need to obtain Hobart City council permission, due to it being a major project.

Your Humble servant
