

*Breakdown of broad forest and non-forest vegetation categories by land tenure*

Vegetation type	Tenure category											Totals
	A1	A2	P2	A3	P3	FR	IR	PF	ZZ	PZ		
Forest	1,495,680	118,501	163,040	467,687	313,141	89,978	1,002	1	936,254	12,628		<b>3,597,913</b>
Threatened forest	86,237	7,332	2,025	8,789	2,745	16,848	41	0	129,266	282		<b>253,565</b>
Under-reserved forest communities	101,321	23,517	10,904	101,622	30,026	35,299	100	0	330,492	643		<b>633,924</b>
Old growth forest	739,322	45,223	91,893	39,712	77,258	15,156	0	0	97,790	3,195		<b>1,109,549</b>
Rare/Depleted old growth	22,726	5,113	5,485	5,598	4,460	3,258	0	0	15,819	109		<b>62,569</b>
Under-reserved old growth	62,132	15,990	20,136	15,079	12,594	9,682	0	0	62,043	274		<b>197,929</b>
Nonforest	999,430	11,668	21,715	35,633	36,234	20,212	8,606	0	311,495	6,528		<b>1,451,521</b>
Threatened nonforest	46,388	2,144	1,442	1,521	1,330	6,017	104	0	46,254	668		<b>105,869</b>

**Key to tenure categories:**

- A1 - Dedicated formal reserve;
- A2 - Informal reserve on public land;
- P2 - Informal reserve on public land proposed for reservation;
- A3 - Other public land;
- P3 - Other public land proposed for reservation;
- IR - Indigenous protected area;
- PI - Indigenous protected area proposed for reservation;
- FR - Private conservation reserve
- PF - Private conservation reserve proposed for reservation;
- ZZ - Not attributed (freehold land plus any areas not attributed above); and
- PZ - Unattributed areas proposed for reservation.
