Mr Simon Wood MP
Member for Bass

Dear Simon

Thank you for your Constituency Question on 8 August 2024 regarding the Government's plans for new facilities at the Alanvale TasTAFE campus. This project is an exciting investment in new health sector training areas and improved student learning spaces.

I can advise that site establishment occurred earlier this month, and hoarding works (temporary walls put up around a construction site) are now complete.

Services in the construction area have been disconnected and demolition works will be commencing in the near future.

The new taypani Learner Hub will provide a much more engaging, supportive and immersive on-campus experience for learners. This includes the provision of technology and equipment, and is designed to provide students with a consolidated location to access a range of support.

The new health facilities will provide a range of health sector training that will help meet Tasmania's skills needs, including training in mental health, alcohol and other drugs, and youth work.

Thank you again for your Constituency Question.

Yours sincerely

Hon Felix Ellis MP
Minister for Skills and Training
