

21 December 2012

Mr Norm McIlfratrick
Chief Executive
Department of Infrastructure Energy and Resources
GPO Box 936
HOBART TAS 7001

Dear Norm

PROPOSED REDUCTION IN THE DEFAULT RURAL ROAD SPEED LIMIT

Attached for your Road Safety Branch's record is the Northern Midlands Council's minute and decision in regard to this matter.

The Road Safety Advisory Council position on this appears to have been fixed some time ago and, accordingly, any discussion on this matter has been limited to your officers advising of what is to happen without due consideration being given to any perceived relevant issues placed before them.

Council provided a reply to the Road Safety Advisory Council on 25 February 2011 outlining concerns with the proposal, as yet, no reply has been received. In view of this apparent lack of consideration for what is perceived to be relevant concerns, Council is not prepared to participate in the further advancement of this proposal at this time.

Yours sincerely

Adam Wilson
GENERAL MANAGER
