Notices of Motion

67 Ms *Finlay* to move—That the House:—

- (1) Acknowledges that Tasmania currently has two AFL venues, Bellerive Oval in the south and York Park in the north.
- (2) Notes that:—
 - (a) Labor supports Tasmania having its own AFL/AFLW team;
 - (b) In the week commencing 13 November 2022 an in-principle agreement between the AFL and State Government was signed for a Tasmanian AFL Team, however discussions are still ongoing;
 - (c) to date, there is no business case to demonstrate viability of a \$750 million stadium in Hobart;
 - (d) plans are already underway to upgrade York Park for a far less than the cost of building a new stadium in Hobart; and
 - (e) building a new stadium in Hobart is not the right priority when many Tasmanians are being impacted by the cost of living crisis, rising power prices, housing stress, homelessness and the health crisis.
- (3) Calls on the Premier, Hon Jeremy Rockliff, MP to:—
 - (a) be open and transparent with Tasmanians about the data it is using to support its \$750 million Hobart stadium proposal;
 - (b) recommit to Northern Tasmania that it will continue to host an equal share of AFL games and blockbuster games at York Park; and
 - (c) stand up against the AFL and negotiate to secure a team for Tasmania without the requirement to build a \$750 million stadium in Hobart. (22 November 2022)

68 Ms *Butler* to move—That the House:—

- (1) Notes:—
 - (a) the Hobart Cenotaph unveiled in 1925, commemorates those Tasmanians who had died in the Great War;
 - (b) the Hobart Cenotaph is also one of the most moving in the world, located on the Domain with commanding views of the River Derwent and kunanyi/Mount Wellington – with the Victoria Cross Memorial and Soldiers' Memorial Avenue adding to its significance; and
 - (c) the Hobart Cenotaph has become the centre of all commemorations of war and its meaning is profound to surviving veterans and descendants of those who never came home.
- (2) Acknowledges the Hobart Cenotaph is a symbol of remembrance, respect and recognition for those Tasmanians who fought and died on our behalf not just in the

NOTICES OF MOTION AND ORDERS

First World War but also in the Second World War and later conflicts, including the Korean War and the Vietnam War, as well as peacekeeping operations.

- (3) Further notes:—
- (a) the Hobart Cenotaph is a place for those who did come home to gather and remember their fallen comrades; and
 - (b) for generations of Tasmanians the Hobart Cenotaph is a place to show their respects to those who fought and died, a place of civic pride. It is part of our identity, an historical touchstone linking the past to the present.
- (4) Calls on the Government to ensure the Hobart Cenotaph is not impeded. (22 November 2022)

69

Ms Haddad to move—That the House:—

- (1) Notes:—
- (a) that conversion practices are harmful and cause significant trauma and profound and lasting harm to people they are inflicted upon; and
 - (b) that these practices target Lesbian, Gay, Transgender, Intersex and Queer Tasmanians and by trying to tell them to they are ‘broken’ and need ‘fixing’.
- (2) Further notes that the Tasmania Law Reform Institute (TLRI) completed a report on conversion practices in 2022 making 16 recommendations for law reform to address the risks and harms caused by conversion practices including:—
- (a) that the United Nations recognises conversion practices are ‘by their very nature degrading, inhuman and cruel and create a significant risk of torture’;
 - (b) that LGBTIQ+ people are not ‘broken’ and that Tasmanian LGBTIQ+ survivors of conversion practices are three to four times more likely to have PTSD and attempt suicide than LGBTIQ+ Tasmanians who are not subjected to conversion practices.
- (3) Recognises during Budget Estimates on 6 June 2022, the Premier, Hon. Jeremy Rockliff, MP committed to acting on the recommendations of the TLRI report, stating: “I’m not going to have 16 recommendations and do nothing - I can tell you that right now. I’ll be introducing legislation to the Parliament that gives effect to the recommendations.”
- (4) Further recognises failing to ban conversion practices could make Tasmania a ‘safe harbour’ for these harmful practices to be perpetuated.
- (5) Further notes Tasmania must act swiftly to implement the findings of the TLRI report and ban conversion practices in Tasmania. (22 November 2022)

Ms Haddad to move—That the House:—

- (1) Notes that there are increasing local, national and international calls for the minimum age of criminal responsibility to be raised to fourteen, including the Tasmanian and National Commissioners for Children and Young People and Amnesty International.
- (2) Further notes:—
- (a) that evidence shows diversion from the youth justice system is most effective in reducing youth offending and preventing escalation into the adult criminal justice system; and
 - (b) that preventing youth offending requires an evidence-based trauma-informed, therapeutic approach that supports young people and their families to prevent offending and reduce crime.
- (3) Recognises:—
- (a) that the future of Tasmania’s youth justice system must be based in the principles of therapeutic jurisprudence and recognise the causes of crime; and
 - (b) that support programs must be designed and delivered in a culturally appropriate way including programs being run and delivered by Aboriginal people for young first nations people.
- (4) Further notes:—
- (a) that the Government has raised the minimum age of detention to fourteen years and announced a timeframe for the closure of Ashley Youth Detention Centre (AYDC);
 - (b) that it is infrequent for offenders younger than fourteen to be detained at AYDC; and

NOTICES OF MOTION AND ORDERS

- (c) that there are no barriers to Tasmania raising the age to fourteen and that the current age of ten is far too young.
- (5) Commits to legislate to raise the age of criminal responsibility to fourteen as a priority when Parliament resumes sitting in 2023. (22 November 2022)

71 Ms Dow to move—That the House:—

- (1) Notes that:—
 - (a) Tasmania is in the grip of a health crisis;
 - (b) Tasmanian health care workers are at breaking point;
 - (c) Tasmania effectively has a part time Health Minister;
 - (d) the Launceston General Hospital has the worst bed block in the country; and
 - (e) the Tasmanian Government has its priorities all wrong.
- (2) Further notes that:—
 - (a) over eight thousand Tasmanians are waiting for necessary elective surgery;
 - (b) the wait list to see a specialist of over 55 thousand Tasmanians is the hidden elective surgery waiting list;
 - (c) ambulance response times in Tasmania have increased to an all- time high of 15 minutes;
 - (d) Tasmanians are not being seen in clinically recommended time frames at our emergency departments;
 - (e) the Government has failed to fund the much needed \$580m upgrade of the Launceston General Hospital; and
 - (f) the Health portfolio demands the focus of a full time Minister.
- (3) Calls on the Premier, Hon. Jeremy Rockliff, MP, to get his priorities right and appoint a full time Health Minister. (22 November 2022)

72 Ms O'Byrne to move—That the House:—

- (1) Notes:—
 - (a) it's been two and a half years since the Glen Dhu Learn to Swim centre was closed for COVID reasons and nearly two years since the State Government tried to 'repurpose' the Learn to Swim Centre rather than spend the money replacing the boiler and reopening it for local schools;
 - (b) that on the eve of the last election the Government committed \$1.5 million to upgrade and reopen the facility; and
 - (c) funding was allocated in the 2021 – 2022 budget to upgrade and reopen the facility.
- (2) Further notes no progress has been made on repairs and there is no date for the pool to reopen.
- (3) Calls upon the Government to immediately allocate the promised funding to repair the pool and reopen the Glen Dhu Learn to Swim Centre for Term 1 2023. (22 November 2022)

73 Ms O'Byrne to move—That the House:—

- (1) Notes that:—
 - (a) StudentWorks in Launceston has been a valuable learning institution for over 40 years; and
 - (b) under its current model StudentWorks has provided a vocational pathway for many students for whom the traditional school environment is unsuitable.
- (2) Further notes the Government intends to reshape the facility into a T4 hybrid program meaning the valuable vocational educational pathways will be lost.
- (3) Calls upon the Government to abandon its plan to effectively cease StudentWorks operation and reinvest in this vital learning pathway for young people. (22 November 2022)

74 Ms White to move—that the House censures the Premier, Hon. Jeremy Rockliff, MP, for misleading the House and failing to correct the record at the earliest opportunity. (22 November 2022)

75 Mrs Alexander to move—That the House:—

NOTICES OF MOTION AND ORDERS

- (1) Notes:—
 - (a) that the most recent Gross State Product data released by the Australian Bureau of Statistics shows that Tasmania's economy grew by 4.3 per cent in the 2021-22 financial year;
 - (b) that this is a significant improvement on the four years from 2010-11 to 2013-14 under the Labor-Green Government, where the average growth in Gross State Product was 1.3 per cent, and the Tasmanian economy was in recession in 2012-13; and
 - (c) that the strong economic growth being experienced reflects significantly improved outcomes for Tasmanians, with record employment, record retail trade turnover and very strong export performance;
- (2) Congratulates the Tasmanian Liberal Government for delivering on its clear plan to increase investment, promote jobs growth and improve the lives of Tasmanians.
- (3) Further notes:—
 - (a) that the Labor Opposition consistently fails to put forward an alternative Budget or an alternative economic plan, and now supports the Greens' Party policy of linking wage outcomes to inflation at an estimated cost of \$2,400,000,000 to the Budget over four years;
 - (b) that the Reserve Bank Australia has highlighted its concerns about the potential for a wage-price spiral and is paying close attention to changes in labour costs in the short term when determining interest rates; and
 - (c) that Labor's wages policy would be financially unsustainable and economically reckless and risks driving inflation even higher.
- (4) Agrees that the Labor Opposition cannot be trusted with the Budget or the economy. (22 November 2022)

76 Mr Young to move—That the House:—

- (1) Notes that the Government's clear mission has been to stimulate the economy and support jobs as Tasmania emerges from the COVID-19 pandemic.
- (2) Welcomes the Treasurer, Hon. Michael Ferguson MP's Annual Financial Report for 2021-22, which shows a significant improvement in the State Budget's position and a solid year for infrastructure delivery, across Government.
- (3) Further notes the strong action taken by the Government through the Pandemic by supporting our economy and creating jobs, including through our successful Construction Blitz and HomeBuilder programs, the results of which were confirmed in the Treasurer's Annual Financial Report.
- (4) Acknowledges that the estimated \$819.6 million invested into community infrastructure in 2021-22 was the strongest level of infrastructure delivery since the Government was elected and 99 per cent of the original Budget estimate.
- (5) Further welcomes the unprecedented pipeline of infrastructure investment in Tasmania, with a record \$5.6 billion committed over the Budget and forward estimates and \$2.7 billion in funding for roads and bridges alone.
- (6) Further notes that now is the right time to invest in job creating infrastructure and acknowledges such investment is only possible as a result of the Government's strong economic management. (22 November 2022)

77 The Minister for Energy and Renewables to move—That the House:—

- (1) Recognises that in late 2020, the Tasmanian short-tailed rain crayfish was rediscovered at Lake Burbury through field work undertaken by Hydro Tasmania's engineering consultancy Entura and consultants ECOTas.
- (2) Notes that prior to this rediscovery, this tiny species of burrowing crayfish had not been sighted for decades and was considered by some to likely be extinct.
- (3) Further recognises that this remarkable story has been turned into a short documentary film called "Survivors" by ECOTas and Dr Niall Doran of the Bookend Trust.
- (4) Further notes that the documentary showcases the dedication, hard work and sheer physical effort that goes into Hydro Tasmania's environmental surveys and the inspiring story of the crayfish's determination to live and thrive.
- (5) Further recognises:—
 - (a) that the "Survivors" documentary was selected for the internationally-recognised Jackson Wild natural history film festival and nominated for a

NOTICES OF MOTION AND ORDERS

2022 Panda Award – the environmental film equivalent of an Oscar nomination; and

- (b) the important work of Entura, ECOtas University of Tasmania Associate Professor Alistair Richardson and Dr Doran to celebrate this tiny species of crayfish and the recognition that has been brought to Hydro Tasmania's environmental monitoring, how we care for our ecosystems and the celebration of Tasmania's unique fauna. (22 November 2022)

- 78** The Minister for State Development, Construction and Housing to move—That the House:—
- (1) Recognises that the HMAS Armidale was one of 60 Bathurst-class corvettes constructed during World War II.
 - (2) Notes:—
 - (a) that the HMAS Armidale was launched in early 1942 and was attached and sunk off Betano Bay on the south coast of Portuguese Timor by 13 Japanese aircraft, on 1 December 1942 while attempting to evacuate Australian and Dutch soldiers and deliver a relief contingent; and
 - (b) that the HMAS Armidale was the only Bathurst-Class corvette to be lost to enemy action.
 - (3) Acknowledges the Tasmanian Seafarers' Memorial at Triabunna on the east coast of Tasmania with a plaque that contains:—
'HMAS Armidale
1.12.1942 corvette torpedoed en route to Betano with Dutch native troops
To reinforce Timor guerilla forces 98 of 149 servicemen died as a result.

 - (b) the thousands of Tasmanians who suffer from or at risk of disabling, long-term health consequences from Covid infection or reinfection.

NOTICES OF MOTION AND ORDERS

- (4) Further recognises the removal of mandated protections, necessary to reduce mass Covid infections, has severely restricted the lives of many vulnerable Tasmanians, including the elderly and clinically vulnerable, and people with disability.
- (5) Accepts the scientific evidence that SARS-Cov 2 is an airborne pathogen with potentially fatal consequences and well understood, debilitating impacts on immune function.
- (6) Notes with real concern stagnating vaccination and booster rates, particularly amongst children and young people.
- (7) Agrees the trajectory of Australian Governments' Covid management, which facilitates constant reinfection, is untenable for individual and population health, as well as social and economic wellbeing.
- (8) Resolves to work cooperatively to educate, promote and model increased vaccination and booster uptake, indoor mask wearing and ventilation.
- (9) Calls on the Government to prevent further disabling illness and loss of life, and urgently adopt evidence-based policies, practices and communications that better protect Tasmanians from Covid. (Next Speaker: Dr Woodruff)
