  - (a) that this week, first held in 1942, is the annual national appeal of Legacy Australia, an iconic national charity providing services to Australian families suffering after the incapacitation or death of a spouse or parent, during or after their defence force service;
  - (b) notes that funds raised during Legacy Week go to helping Legacy care for around 43,000 Australians, including widows in their senior years, younger widows with children, and veterans' dependant with a disability; and
  - (c) that funds raised assist Legacy in providing essential services including counselling, special housing, medical, advocacy and social support to Australian families and also help assist the education and development of the children of our deceased veterans.
- (3) Acknowledges that Legacy Australia grew out of the Remembrance Club, formed in Hobart in 1923 by First World War hero, Tasmanian Major-General Sir John Gellibrand KCB DSO and Bar - something Tasmanians can be immensely proud of.
- (4) Congratulates the staff, Legatees, and volunteers of Legacy, including the President of Legacy (Hobart), Mr Peter Hodge, Friends of Hobart Legacy and the President of Legacy (Launceston) Mr Spencer Davies, for their tireless efforts in supporting the families of our incapacitated and deceased veterans.

### 24 Dr Broad to move—That the House:—

- (1) Acknowledges:—
  - (a) the serious financial pressure being placed on Tasmanian households by the rising cost of living;
  - (b) that the most acute pressure is currently being felt with basic, non-discretionary expenses such as food, power and housing; and
  - (c) wages are not keeping pace with the soaring cost of living.
- (2) Notes the retail trade data released on 5 September 2022 by the Australian Bureau of Statistics shows Tasmanian households are reducing their spending on “non-essential” items such as newspapers and books, recreational goods, furniture and other homewares, electrical goods, cosmetics and clothing.
- (3) Accepts the cost of living crisis is now having a significant impact on a large number of Tasmanian retail businesses.
- (4) Calls on the Premier, Hon Jeremy Rockliff, MP, to support households and businesses with the soaring cost of living by capping power price increases at 2.5 per cent, scrapping his unfair new bin tax, and abandoning his wage cap policy for nurses, teacher, firefighters and other public sector workers. (6 September 2022)

### 25 Dr Woodruff to move—That the House:—

- (1) Understands the decision by the Tasmanian Government to join other states and reduce the Covid isolation period from seven days to five days for most workers has been widely criticised by medical and epidemiological experts.
- (2) Notes several state AMA Presidents have voiced their deep concern about cutting isolation times, and questioned whether these changes are made for health reasons.
- (3) Recognises the federal AMA estimates as many as 30% of people will remain infectious on days six and seven, and will be re-entering the community able to pass the virus on to co-workers, clients and the broader community.
- (4) Further understands the reduction from seven to five days of isolation does not apply to people working in identified vulnerable settings, effectively creating two classes of workers and two layers of vulnerability to infection.
- (5) Further notes medical advice that people’s immunity from vaccination and previous infectious is likely to continue to wane, exposing them to waves of transmission from yet-to-emerge new variants, ongoing unsustainable demand on hospitals, and serious health outcomes including death and post-acute Covid conditions.
- (6) Agrees the mandatory isolation of positive cases, and mask wearing in high-risk settings, remain crucial to managing the ongoing public health risk and burden of disease from Covid.
- (7) Calls on the Minister for Health, Hon Jeremy Rockliff, MP, to release the medical and health advice that has been used to justify the shortened isolation period in Tasmania. (6 September 2022)

### 27 Ms O'Connor to move—That the House:—

- (1) Acknowledges the harrowing Commission of Inquiry evidence that revealed a culture of abuse and harm of children and young people at Ashley Youth Detention Centre.
- (2) Supports calls from UNICEF, Amnesty International, the Prisoners Legal Service, and the national and state Commissioners for Children to remove young people from Ashley for their own safety.
- (3) Understands the majority of children and young people detained at Ashley are on remand.

## NOTICES OF MOTION

- (4) Notes that, due to current staffing pressures, the young people at Ashley spend most of their time locked in their rooms.
- (5) Expresses deep concern for the safety, education and wellbeing of children and young people detained at Ashley.
- (6) Further acknowledges there are no impediments under the punitive and outdated ‘Youth Justice Act 1997’ for alternative remand arrangements to be put in place to prevent the traumatisation of young people on remand at Ashley Youth Detention Centre.
- (7) Calls on the Government to declare, via Gazette notice, an alternative - therapeutic – remand facility. (6 September 2022)

  - (i) long wait times for specialist appointments and surgeries reduce productivity and negatively impact the Tasmanian economy.
- (2) Acknowledges that:—
  - (a) the average waiting time for urgent patients to see a specialist is 249 days;
  - (b) the average waiting time for semi-urgent patients to see a specialist is 429 days; and

  - (c) Hobart’s biennial Australian Antarctic Festival, held for the first time in September 2016, was founded by the Mawson’s Hut Foundation;
  - (d) the 2022 Festival was held from 24 August to 28 August 2022 after COVID-19 forced the cancellation in 2020; and

## NOTICES OF MOTION

further spends around \$500 million per annum on the supply of goods and services from Tasmanian businesses;

- (b) Tasmanian salmon and trout farming creates 2,292 direct full-time equivalent jobs and more than 10,000 indirect full-time jobs, creating highly skilled, well paid pathways particularly in regional Tasmania; and
- (c) while supplying just 1.6 per cent of the world salmon supply, the Tasmanian Salmon industry is the largest fishery in Australia by both volume and economic value.

(2) Notes:—

- (a) that the 12-month moratorium on no net increase in leased farming areas in Tasmanian waters was promised to be lifted in September 2022;
- (b) that the 10-year Salmon Plan Discussion Paper Q&A states “in relation to no net increase in total leasable area for finfish farming will still apply... until the new plan is finalised and takes effect”; and
- (c) there is therefore confusion surrounding the promise to lift the moratorium, with questions being raised by industry, suggesting that it is in fact still in place, just under another name.

(3) Calls on the Premier, Hon Jeremy Rockliff, MP to:—

- (a) clearly outline for Tasmanians and those working in the industry whether, as promised, the moratorium has in fact been lifted;
- (b) outline for Tasmanians and those working in the industry whether the moratorium has in fact been extended until the release of the 10-year salmon plan, and continues to exist under a different name; and

- (2) Notes that Mr Assange has been subject to isolation and imprisoned for 10 years.
- (3) Recognises Mr Assange’s impending prosecution by the United States of America constitutes a serious attack on the fundamental democratic freedoms of the press.
- (4) Further notes:—
  - (a) allegations that the CIA illegally spied on US citizens while they visited Assange in the Ecuadorian embassy; and
  - (b) reports former US security officials have alleged that in 2017, following WikiLeaks’ publication of details around a series of CIA hacking tools, CIA director Mike Pompeo and top agency leaders developed plans to have Assange murdered.

  - (b) concern that the Government hasn’t addressed workload, staff shortages and competitive pay to retain teachers and keep up with the cost of living in its public sector offer; and

## NOTICES OF MOTION

- (c) that stop work action is a last resort for teachers and support staff, who are trying to improve education outcomes but need the support of Government.
- (3) Acknowledges industrial action by school staff is supported by parent associations and education stakeholders to lift learning outcomes.

- (5) Calls on the Liberal Government to support school staff so Tasmanian children can reach the expected standards in literacy and numeracy and engage in their learning. (27 September 2022)

### 41 Ms White to move—That the House:—

  - (a) public sector workers deliver critical services relied on by Tasmanians every day; and
  - (b) inflation in Tasmania is increasing at 6.5%.
- (2) Agrees that:—

  - (b) public sector workers deserve a wage increase that keeps up with the increase in cost of living;
  - (c) recruitment and retention of public sector workers is critical in being able to deliver public services needed by Tasmanians; and
  - (d) paying a comparably lower wage to other states and territories impacts negatively on recruitment and retention of public sector workers, and in turn, delivery of services in Tasmania.

  - (e) the Government has not funded the \$580m upgrade of the LGH promised at the last election.
- (3) Calls on the Premier, Hon Jeremy Rockliff to get his priorities right, fund the LGH upgrade and invest in fixing the health crisis instead of funding a \$750m stadium in Hobart. (27 September 2022)

## NOTICES OF MOTION

- (1) Notes that:—
  - (a) the first five years of a child's life are the most important in a child's development and the Child Health and Parenting Service (CHAPS) is a critical service families in Braddon rely on;
  - (b) important childhood developmental checks are being missed with the Liberal Government failing to fill a number of CHAPS vacancies in the North West;
  - (c) it is estimated there are currently 10 CHAPS vacancies on the North-West Coast with the service reported to be operating in escalation mode for the past five year;
  - (d) instead, parents are being offered telehealth appointments with only those at risk given priority for face to face assessments; and
  - (e) this means children under five are not receiving timely and important physical assessments for their developmental checks and parents may be at risk of post-natal depression if they are unable to access support services.
- (2) Calls on the Premier and Minister for Health, Hon. Jeremy Rockliff, MP, to outline his plan to fill these vacancies, as well as ensure the service's existing, dedicated staff are provided with the support and resources they need to do their important work. (25 October 2022)

**55** Ms Dow to move—That the House:—

- (1) Acknowledges that:—
  - (a) the closure of one lane on the Cam River Bridge due to flood damage has caused significant disruption to the NW community and economy;
  - (b) 18 thousand workers, students and commuters use the Cam River Bridge each day;
  - (c) small businesses and their workers on the Bass Highway have been severely impacted by the traffic queues and decrease in business caused by the lane closure;
  - (d) the Cam River Bridge is critical infrastructure, a major freight route and link to essential services that connects our community and economy;
  - (e) contractors on site are working around the clock to ensure both lanes on the bridge can open by the weekend and this House thanks them for their work; and
  - (f) traffic management continues to be an issue on the Bass Highway.
- (2) Notes that:—
  - (a) the Minister for Infrastructure and Transport, Hon. Michael Ferguson, MP and the Government have known of the issues with the Cam River Bridge for years but the Liberal Government has failed to come up with a contingency plan.;
  - (b) in 2021, Labor announced it would build an additional bridge to ensure four-lane access across the Cam River; and
  - (c) the Liberal Government has committed to building one new bridge with two lanes.
- (3) Calls on the Premier to commit to funding and building a second crossing across the Cam River. (25 October 2022)

**58** Ms Haddad to move—That the House:—

- (1) Notes:—
  - (a) that Tasmania has the weakest electoral donation laws in the country;
  - (b) that without significant reform, a lack of transparency and accountability will continue to prevail in Tasmanian politics;
  - (c) that following the 2018 election, the Government committed to introducing electoral donation law reform but has not yet delivered on that promise;
  - (d) that draft legislation to modernise Tasmania's electoral laws was released for public comment on 24 August 2021, with a consultation period open until 28 September 2021;
  - (e) that two Bills were finally introduced in May 2022;
  - (f) that in August 2022 the Premier, Hon. Jeremy Rockliff, MP, failed to commit to debating the legislation, stating simply that "the Bill has been tabled"; and

## NOTICES OF MOTION

- (g) that in August 2022, the Attorney-General, Hon. Elise Archer, MP, stated in Parliament that “it is our expectation that we will be debating that this year”.
- (2) Calls on the Government to bring on its legislation for debate in 2022 so Tasmania no longer has the weakest electoral laws in the country. (25 October 2022)

**60** The Minister for Police, Fire and Emergency Management to move—That the House:—

- (2) Recognises that International Control Room Week was 24 - 30 October 2022 in recognition of the life-saving and life-changing roles those who work in our control centres across the Tasmanian emergency sector provide.
- (3) Further notes:—
  - (a) that during the recent flood events in the north and north-west of Tasmania, the State Emergency Service received over 667 calls to their central hotline to provide assistance to Tasmanians in need.

**61** Ms Dow to move—That the House:—

- (1) Notes that:—
  - (a) access to mental health services in Tasmania is worsening under the Liberal Government, with alarming statistics from the Australian Medical Association (AMA) showing the extent of the crisis;
  - (b) Tasmania has seen the biggest reduction in mental health beds in public hospitals in the entire country;
  - (c) Tasmania has the longest emergency department stay time for mental health patients in the country;
  - (d) one in ten people who presented to the Emergency Department (ED) with a mental health condition waited nearly 22 hours to be seen – an increase of more than 50% in just the last four years; and
  - (e) among those patients who were subsequently admitted, one in ten waited more than 28 and a half hours in ED.
- (2) Further notes:—
  - (a) mental health workforce shortages, driven by poor conditions and wages, are also contributing to the crisis across mental health services; and
  - (b) the Liberals have made big promises when it comes to better mental health services including 27 new beds in the South, upgrading the Launceston General Hospital (LGH) and redeveloping the Spencer Clinic at the North West Regional Hospital, but to date very little has been funded or delivered.
- (3) Calls on the Government to get its priorities right and address the mental health crisis by funding and delivering more mental health beds across Tasmania instead of focusing on building a \$750 million stadium in Hobart. (8 November 2022)
