 - (c) the theme for World Diabetes Day 2019 is 'Family and Diabetes', raising awareness of the impact that diabetes has on the family and support network of those affected, and promoting the role of the family in the management, care, prevention and education of diabetes; and
 - (d) Diabetes is the fastest growing chronic disease in Australia with more than 1.7 million Australians, including an estimated 41,000 Tasmanians living with diabetes.
- (3) Acknowledges the advocacy of the Tasmanian Parliamentary Diabetes Support Group in helping raise awareness of people living with diabetes and their families.
- (4) Congratulates the staff and volunteers of Diabetes Tasmania – including CEO, Ms Caroline Wells, and President, Mr Robert Manning – for their tireless efforts in advocating on behalf of those living with and affected by diabetes. (14 November 2019)

241 Mrs Rylah to move—That the House:—

- (1) Notes the serious issue of quad bike safety and the tragic deaths around Tasmania that have occurred as a result of quad bike use.
- (2) Commends the Federal Government for its action in implementing a new mandatory safety standard for quad bikes.
- (3) Further notes that the Federal Government has undertaken reforms which will require that, within the next 24 months, all new quad bikes must:—
 - (a) have affixed a warning label alerting quad bike users to the risk of vehicle rollover;
 - (b) be tested for stability and the test result be displayed on the bike at the point of sale;
 - (c) have integrated rollover protection; and

NOTICES OF MOTION AND ORDERS

- (4) Further notes that the Hodgman majority Liberal Government has funded a rebate scheme which allows farmers a fifty percent rebate on the cost to equip existing quad bikes with approved rollover protection devices.
- (5) Further notes the Government's quad bike safety forums recently held around the State, aimed at increasing education and awareness to ensure farmers can continue to use quad bikes as an important piece of farming equipment in a safe manner.

242 The Minister for Primary Industries and Water to move—That the House:—

- (1) Notes the 70th anniversary of Peter and Una Rockliff's involvement in the seafood industry, being celebrated on 29 November 2019, and recognises the impressive contribution Peter and Una have made to our iconic industry.
- (2) Further notes the Rockliffs have been fishing for a very long time, with Peter establishing his first commercial fishing boat called the 'Alva', named after his mother, in 1949.
- (3) Further notes Peter and Una—who are from a well-known fishing family in Bridport—combined their names for one of their boats 'Petuna'.
- (4) Further notes the Rockliffs continued to build upon their fishing interests and soon finalised the construction of Tasmania's first deep sea fishing boat, the Petuna Endeavour in 1979.

243 Mr *Tucker* to move—That the House:—

- (1) Recognises that criminal organisations such as Outlaw Motor Cycle Gangs (OMCGs) are a threat to community safety.
- (2) Notes the OMCGs culture is one where government and the rules of law don't apply to them, unlike the other 99 per cent of society.
- (3) Further notes that OMCGs engage in intimidation, drug trafficking and gun crime resulting in community harm and fear.
- (4) Acknowledges the efforts of Tasmania Police, along with police in other jurisdictions including the AFP, for their work in tackling serious organised crime.

NOTICES OF MOTION AND ORDERS

- (1) Recognises that in time of accelerating climate change and increasing CO2 emissions, natural carbon stores must be protected.
- (2) Agrees that in a climate emergency and biodiversity crisis there is no economic, social or environmental justification for logging old forests and releasing their carbon stores into the atmosphere.
- (3) Understands that Tasmanian natural, carbon rich forests are being logged at an accelerating pace under the Liberals, with hundreds of thousands of hectares more available for logging in April 2020.
- (4) Commits to protecting the 356,000 ha Tasmanian Forest Agreement second tranche reserve forests. (26 November 2019)

- (3) Further notes senior firefighters have drawn attention to the State's unpreparedness for the current bushfire season, warning that it is "just luck getting us by."
- (4) Calls on the Liberal Government to table a comprehensive timeline for the full implementation of recommendations from the 2016 and 2019 reviews, no later than 28 November 2019. (26 November 2019)

- (2) Records this Governments continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.
- (5) Recognises that Tasmania has a world-class wind resource complemented by our pumped hydro that means there will always be some electricity available for export when the mainland is experiencing low wind or high demand.
- (6) Acknowledges that the Australian Government clearly recognises the importance of Tasmania's energy solutions and our status as the leading energy state.
- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses. (Mrs *Rylah*)

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:-" and inserting instead:

- "(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio." (Next Speaker: Minister for Energy)
