

HOUSE OF ASSEMBLY

SESSION OF 2024 - 2025

(FIRST SESSION OF THE FIFTY-FIRST PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 45

TUESDAY, 6 MAY 2025

(At 10:00 o'clock a.m.)

Notices of Motion tabled prior to 9 April are published in the Motion Paper.

Notices of Motion

123 The Minister for Business, Industry and Resources to move—That the House:—

- (1) Notes:—
 - (a) that Tasmania has a renewable and sustainable native forestry industry that supports thousands of jobs, particularly in regional communities.
 - (b) that from our native forests we source hardwood timber and fibre, including high-value special species and appearance grade timbers.
- (2) Acknowledges that claims native hardwood timbers can be readily replaced with plantation timbers are simply not backed up by the facts.
- (3) Further notes that due to the shutdown of native forestry harvesting in Victoria and Western Australia, we are seeing more hardwood timber imports coming into Australia from places such as the Solomon Islands, Southeast Asia and South America.
- (4) Agrees that all politicians and political candidates have a duty to inform themselves of the facts regarding our renewable and sustainable native forestry industry before passing judgement.
- (5) Further acknowledges timber harvested from Tasmania's native forests, is done in accordance with our world class Forest Practices System.
- (6) Recognises that all forest operations in Tasmania, including native and plantation and on both public and private land, are subject to the Forest Practices System, which is enforced by Tasmania's independent Forest Practices Authority.
- (7) Further notes that there are a range of benefits provided through sustainable forest management, including fire management, pest and disease control, and the construction and maintenance of roadways that support tourist and recreational access to Tasmania's forests.
- (8) Calls on all parties in the 2025 Federal Election to commit to supporting Tasmanian jobs. (9 April 2025)

124 Mr *Garland* to move—That the House:—

- (1) Acknowledges:—
 - (a) the unprecedented public interest and community concern surrounding the proposed Macquarie Point Multipurpose Stadium ("the Stadium");
 - (b) the potential far-reaching impact the Stadium will have on the State's economy;
 - (c) the importance of public scrutiny and trust in Government decision-making for large-scale developments affecting public land, urban planning, and future state budgets; and
 - (d) that the Macquarie Point Multipurpose Stadium Integrated Assessment by the Tasmanian Planning Commission ("TPC") provides this public scrutiny and a level of democratic participation.
- (2) Notes:—

NOTICES OF MOTION AND ORDERS

- (a) the broad public support for a Tasmanian team in the Australian Football League (AFL); and
 - (b) the division within the Tasmanian community regarding the necessity, location, and economic justification for the Stadium.
- (3) Recognises that a development of this significance for the State should have broad-based community support and consent from a majority of Tasmanians.
- (4) Calls on the State Government to introduce legislation to enable a referendum on the location of the Stadium, to be held within eight weeks of the release of the TPC Final Integrated Assessment Report. (10 April 2025)

125 Mr *Garland* to move—That the House:—

- (1) Notes:—
- (a) in February 2020, the House of Assembly Select Committee on Housing Affordability recommended "the Tasmanian Government conduct a full review of the Residential Tenancy Act 1997 and reform it to take into consideration the changes in the current market with specific reference to the provisions relating to minimum standards and their enforcement, energy efficiency standards, security of tenure for tenants, rent controls, standard leases and applications, and pets"; and
 - (b) in August 2023, the Premier Hon. Jeremy Rockliff MP stood beside the Prime Minister as part of a National Cabinet commitment to implementing nine reforms set out in the 'A Better Deal for Renters' "to harmonise and strengthen renters' rights across Australia".
- (2) Expresses its concern that in November 2023, the Tasmanian Housing Strategy promised that "the needs of, and protections for, long-term and life-long renters will be prioritised focusing on affordability, stability, and security" but the Housing Tasmania Strategy Action Plan 2023-27 less ambitiously committed to a review of the Residential Tenancy Act 1997 to be completed by June 2027.
- (3) Acknowledges the importance and urgency of reform of the Residential Tenancy Act 1997.
- (4) Calls on the Tasmanian Government to complete a full review of the Residential Tenancy Act 1997 by June 2026. (10 April 2025)

126 Mr *Bayley* to move—That the House:—

- (1) Acknowledges that the recent salmon mass mortality event is one of the worst environmental and biosecurity failures in recent Tasmanian history.
- (2) Notes recent comments from the Federal Minister for Agriculture, Fisheries and Forestry Hon. Julie Collins MP on the need to strengthen the Environment Protection Authority (EPA) and agrees that action needs to be taken.
- (3) Calls on the Government to strengthen the EPA by introducing legislation that:—
- (a) establishes the EPA as a body truly independent from government, including by removing the Minister's ability to issue statements of expectations and statements of intent;
 - (b) reinstates 'protection of the environment' as a function of the EPA board;
 - (c) requires membership of the EPA Board to include a person nominated by the Aboriginal Community; and
 - (d) establishes principles to be observed, including that prevention of harm to the environment and human health is prioritised ahead of mitigation or remediation. (10 April 2025)
