

**Parliament of Tasmania**

**Joint Select Committee on Energy Matters in Tasmania**

**MEDIA ADVISORY - Thursday, 8 February 2024**

**PROGRESS OF INQUIRY**

The Energy Matters Committee has received a number of submissions which will be published on the Committee's website progressively over the coming days.

Although the closing date for submissions was originally set for 2 February 2024, due to the complex nature of the topic, the Committee welcomes submissions from organisations and members of the public who would still like to make a submission by email to [energymatters@parliament.tas.gov.au](mailto:energymatters@parliament.tas.gov.au) by Thursday 29 February 2024.

The Committee plans to hold a series of hearings to obtain further information about energy matters in Tasmania, with the first hearing planned for Monday 26 February 2024.

Details about the hearing schedules and witnesses invited to give evidence will be published on the Committee's website closer to the hearing dates.

For further information about the inquiry please visit the inquiry website: [www.parliament.tas.gov.au/committees/joint-committees/select-committees/energy-matters-in-tasmania](http://www.parliament.tas.gov.au/committees/joint-committees/select-committees/energy-matters-in-tasmania)
