

Fossey River Heavy Vehicle Rest Area

Mr JAENSCH question to MINISTER for INFRASTRUCTURE and TRANSPORT

I have a question from a constituent regarding the proposed heavy vehicle rest area at Fossey River on the Murchison Highway. My constituent is not a truck driver but a volunteer driver who brings people from the west coast to Burnie for appointments and the existing facilities at Fossey River are unsuitable for some of his older clients. When will the new heavy vehicle rest area be built and will it be accessible to the public or just to truck drivers?
