LIMINAL
ARCHITECTURE

Olgive High School Student Centre - utilises openable 'walls' for indoor to outdoor student flow and gathering. Example of integrated outdoor learning.

Fish Lane Town Square Brisbane - example of outdoor learning, activities and seating and varied materiality.

Minaret College - this space provides presentation, socialising and home group gathering opportunities.

Ave Maria College - example of breakout and project based learning spaces.

Buddinge School - interstitial spaces are activated for learning

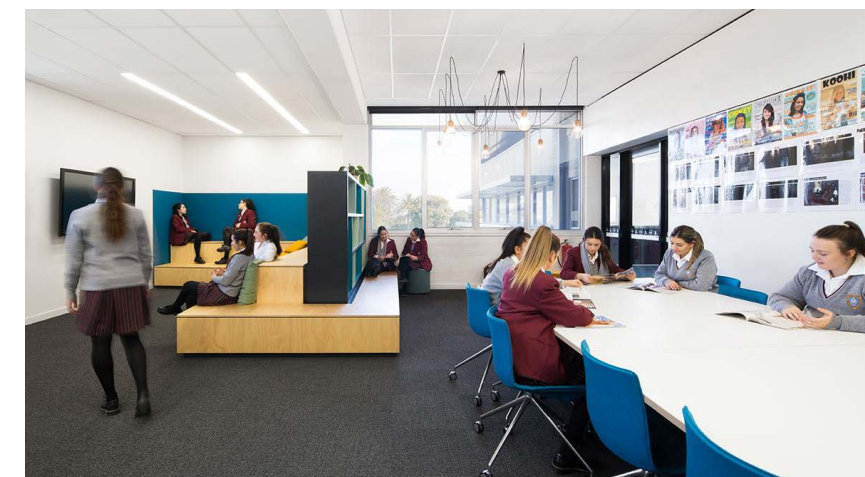

Indooroopilly High School - example of amphitheatre and covered outdoor learning

Dandenong High School - shows indoor to outdoor interconnectivity

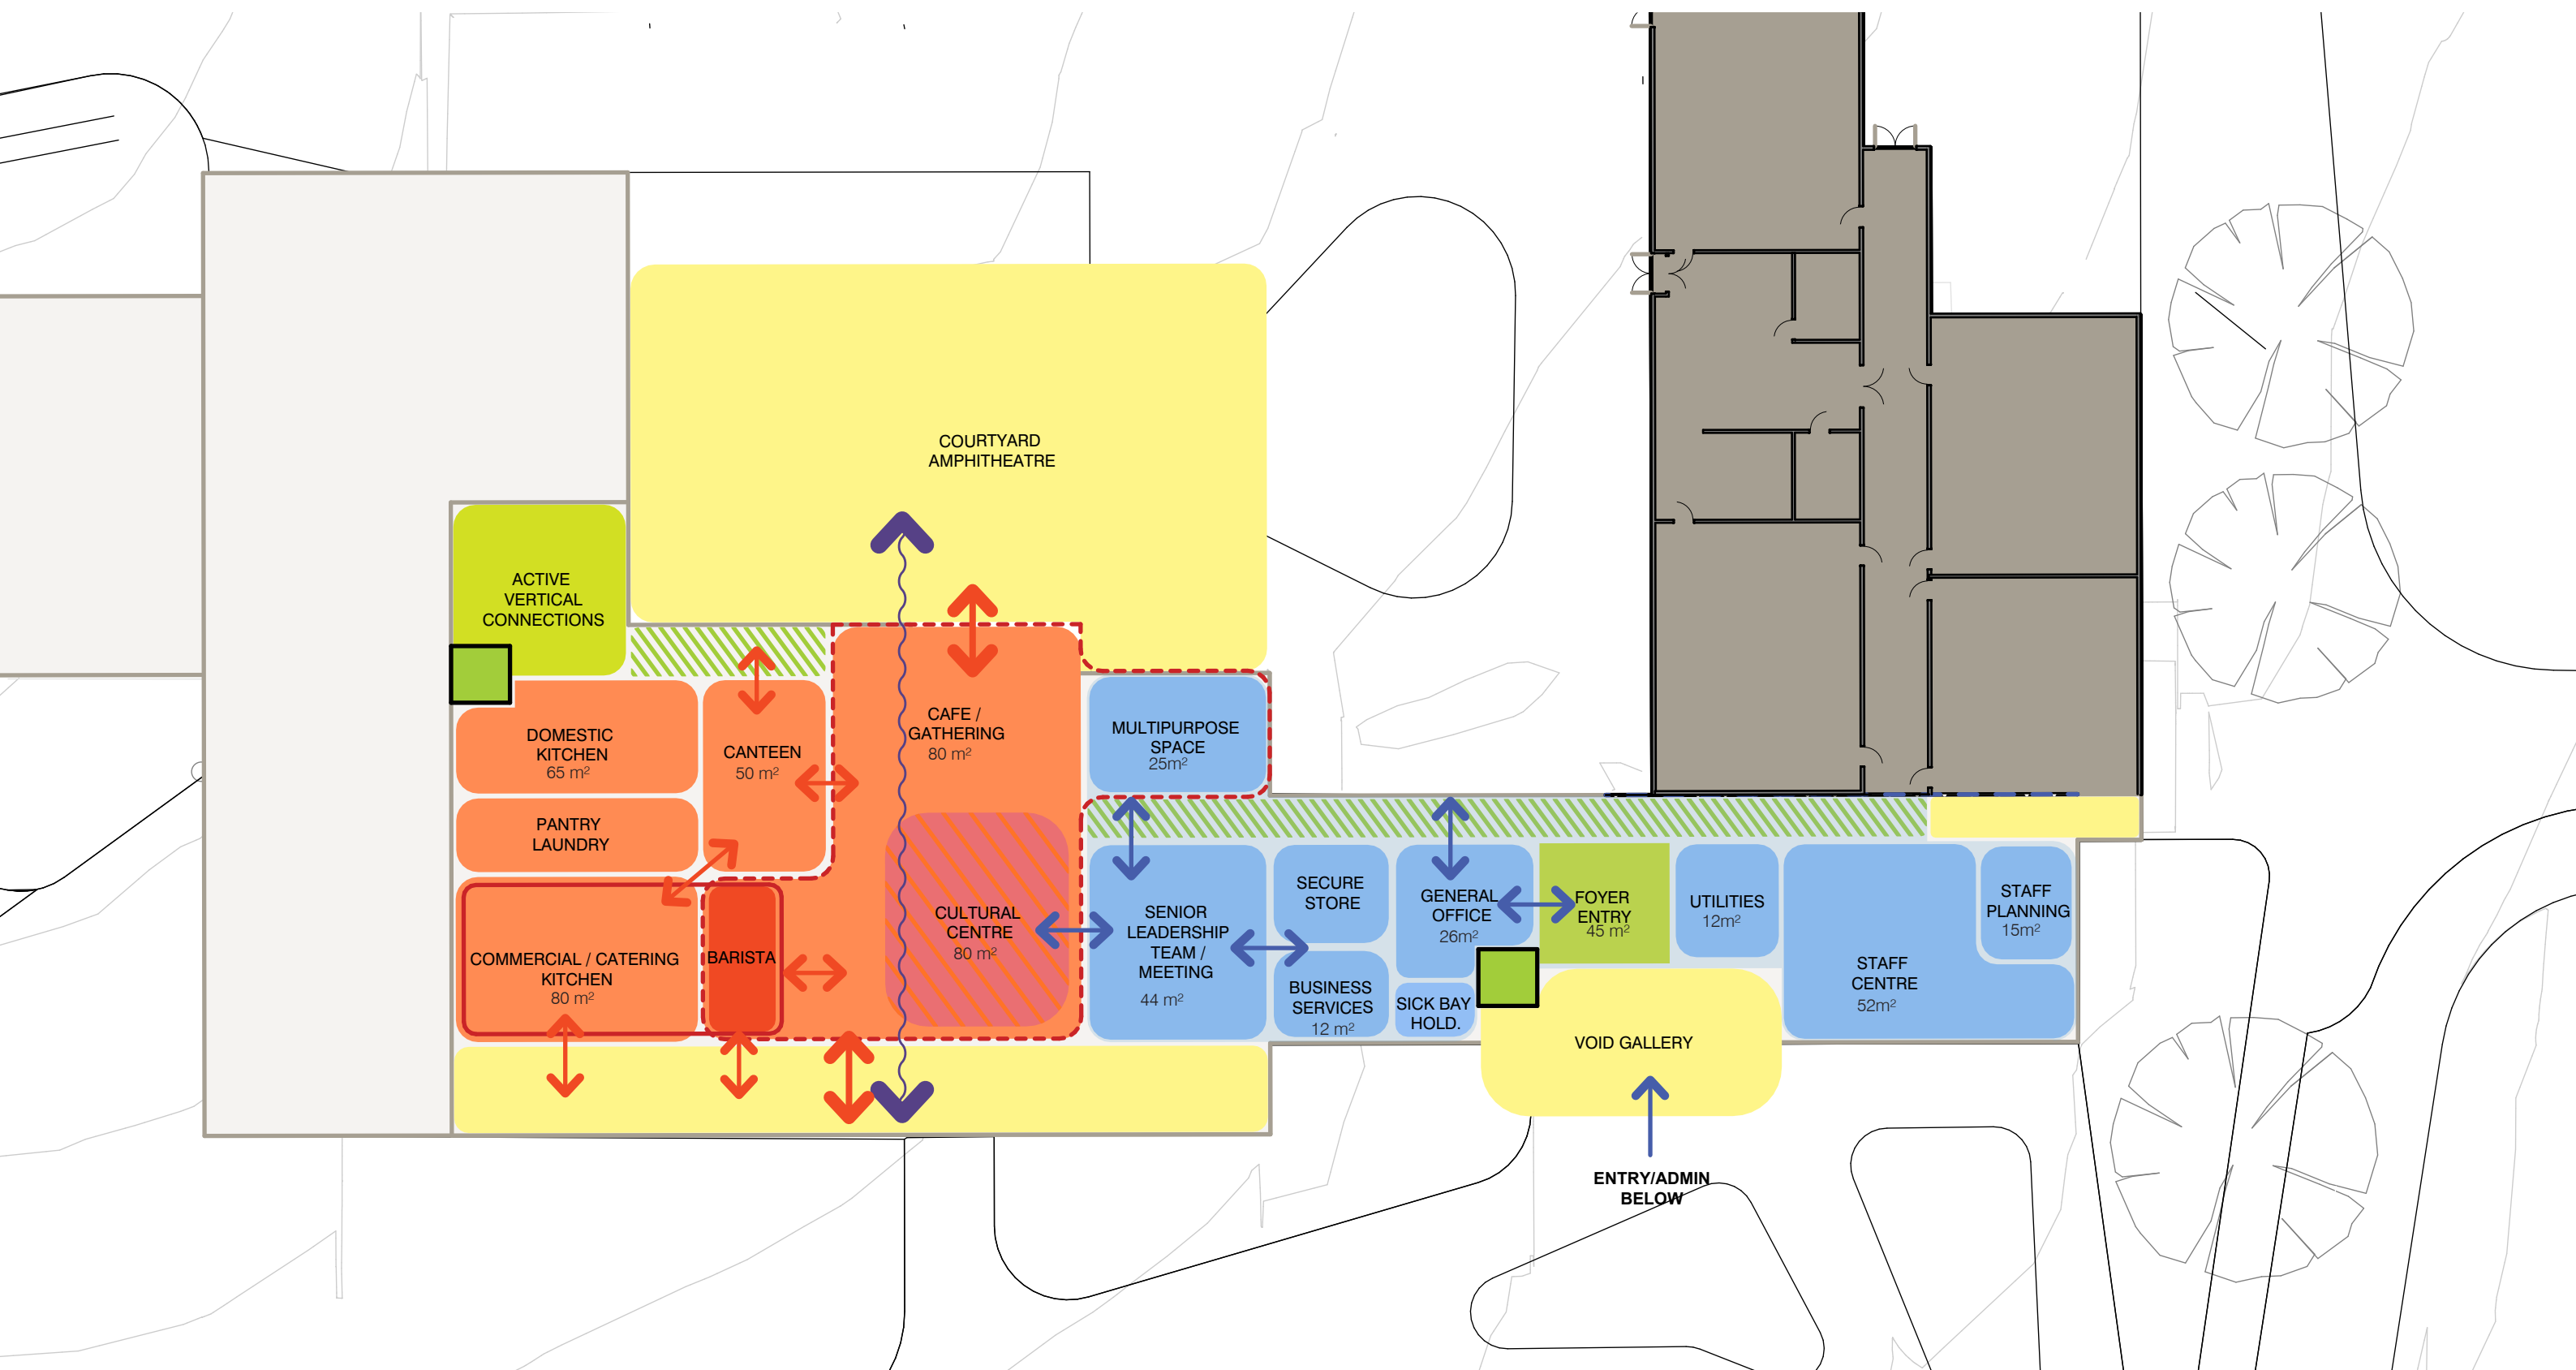

Western Academy of Beijing - utilises collaborative breakout spaces

Ave Maria College - Modular furniture enables a versatile use of space
